Paper Toy Making Margaret W. Campbell, 2016-08-26 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Paper Toys - Super Heroes Sebastian Touache, 2017-05-25 Speed Demons and Super Heroes are the latest themes in the bestselling Paper Toys series, a wonderful collection of interactive craft books that allow children to pop out and build their own paper toys. Each volume in the series is rendered by a different talented artist in complementary designs, lending a stylized look to the fanciful creations. Printed on durable cardstock and die-cut, each toy is easy to assemble with no glue or scissors needed. With Speed Demons and Super Heroes joining the previous themes of Animals, Monsters, Robots, and Fantasy Creatures, the options for imaginative play are endless! Ages 5 and up.

Arthur Tress James A. Ganz, 2023-11-21 This richly illustrated volume is the first critical look at the early career of Arthur Tress, a key proponent of magical realism and staged photography. Arthur Tress (b. 1940) is a singular figure in the landscape of postwar American photography. His seminal series, *The Dream Collector*, depicts Tress's interests in dreams, nightmares, fantasies, and the unconscious and established him as one of the foremost proponents of magical realism at a time when few others were doing staged photography. This volume presents the first critical look at Tress's early career, contextualizing the highly imaginative, fantastic work he became known for while also examining his other interrelated series: *Appalachia: People and Places*; *Open Space in the Inner City*; *Shadow*; and *Theater of the Mind*. James A. Ganz, Mazie M. Harris, and Paul Martineau plumb Tress's work and archives, studying ephemera, personal correspondence, unpublished notes, diaries, contact sheets, and more to uncover how he went from earning his living as a social documentarian in Appalachia to producing surreal work of "imaginative fiction." This abundantly illustrated volume imparts a fuller understanding of Tress's career and the New York photographic scene of the 1960s and 1970s. This volume is published to accompany an exhibition on view at the J. Paul Getty Museum at the Getty Center from October 31, 2023, to February 18, 2024.
