The Complete Story of Sadako Sasaki Masahiro Sasaki, Sue DiCicco, 2020-04-07  
\*\*Independent Publisher Book Award (IPPY) Winner\*\* \*\*Middle School Book of the Year-- Northern Lights Book Awards\*\* \*\*Skipping Stones Honor Award Winner\*\* For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

**European Pack for Visiting Auschwitz-Birkenau Memorial and Museum** Alicja Białycka, 2010-01-01 Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and for the guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on

the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

*Comparative Archaeologies* Ludomir R Lozny, 2011-04-06 Archaeology, as with all of the social sciences, has always been characterized by competing theoretical propositions based on diverse bodies of locally acquired data. In order to fulfill local, regional expectations, different goals have been assigned to the practitioners of Archaeology in different regions. These goals might be entrenched in local politics, or social expectations behind cultural heritage research. This comprehensive book explores regional archaeologies from a sociological perspective—to identify and explain regional differences in archaeological practice, as well as their existing similarities. This work covers not only the currently-dominant Anglo-American archaeological paradigm, but also Latin America, Western and Eastern Europe, Asia, and Africa, all of which have developed their own unique archaeological traditions. The contributions in this work cover these alternative archaeologies, in the context of their own geographical, political, and socio-economic settings, as well as the context of the currently accepted mainstream approaches.

Then Sara gets a gift she says is from Dwight—a paper fortune-teller in the form of Chewbacca. It's a Fortune Wookiee, and it seems to give advice that's just as good as Yoda's—even if, in the hands of the girls, it seems too preoccupied with romance. In the meantime, Dwight is fitting in a little too well at Tippet. Has the unimaginable happened? Has Dwight become normal? It's up to his old friends at McQuarrie to remind their kooky friend that it's in his weirdness that his greatness lies. This is the third case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review).
