**The Complete Story of Sadako Sasaki** Masahiro Sasaki,Sue DiCicco,2020-04-07 \*\*Independent Publisher Book Award (IPPY) Winner\*\* \*\*Middle School Book of the Year--Northern Lights Book Awards\*\* \*\*Skipping Stones Honor Award Winner\*\* For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

**My First Book of Chinese Words** Faye-Lynn Wu,2013-02-12 My First Book of Chinese Words introduces young children to basic words and concepts in the Chinese language through colorful rhymes and beautiful imagery. It is a book that parents and young children will enjoy reading together. The Chinese words in the book are all common, everyday items, and the rhymes are informative and fun for children. The goal of My First Book of Chinese Words is to familiarize children with the basic sounds and written characters of Chinese, to introduce core concepts of Chinese culture and to illustrate the ways in which Chinese sounds differ from English ones. Teachers and parents will welcome the cultural notes at the back of the book and appreciate how the book is organized using a familiar ABC structure. Each word is presented in Chinese characters (both Simplified and Traditional) as well as Romanized Pinyin for easy pronunciation. With the help of this book, we hope more children (and adults) will soon join the more than one billion people worldwide who speak Chinese!

**Origami Dove** Susan Musgrave,2011-03-29 The first collection of new poems in more than a decade from one of Canada's most vibrant and original writers. With her first major collection in ten years, Susan Musgrave displays a range of form and expression that may surprise even her most faithful readers. The quiet, lapidary elegies of "Obituary of Light" are set against the furious mischief of "Random Acts of Poetry," where the lines move with the inventive energy of a natural storyteller, while "Heroines" wrests a harsh and haunting poetry from the language of the street. Her alertness to the absurdity in even the most heartbreaking personal crises leavens the sorrow that speaks through so many of the poems. Sadness and levity interweave. The wilderness and the penitentiary reflect one another. There's an underlying tenderness, though, whether she is writing about family, the dispossessed, her life on Haida Gwaii, or the vagaries of love. This is Susan Musgrave in full control of her powers, writing poetry that cuts right to the bone.

**Planning with Purpose** Anna J. Small Roseboro,Claudia A. Marschall,2021-03-13 New college instructors often are advised, coached, and mentored by department professors who may not have scheduled class time to meet regularly with their novice educators. This book meets many of the principles outlined in the position statements of the Conference on College Composition and Communications and the Council of Writing Program Administrators. The pedagogical stances on which PWP lessons here are based will support the work of the college supervisors. Graduate teaching assistants and new instructors may not know what questions to ask about lesson planning, grading, and classroom management. Some may be teaching in culturally and experientially diverse settings unfamiliar to them. This mentoring handbook describes, but not prescribes, methods, materials, and management strategies that can help maintain morale during that critical first year as a college instructor.
