Master origami artist Akira Yoshizawa was a true innovator who played a seminal role in the rebirth of origami in the modern world. He served as a bridge between past and present—between the ancient traditional craft and the development of origami as a modern practice—in terms of inventing new techniques and in preserving the traditional Japanese forms. In fact, the notational system of diagrams widely used today to indicate how models are folded was largely invented by him. Above all, Yoshizawa was responsible for elevating origami to the status of an art form. This beautiful origami book is the first comprehensive survey of the extraordinary work of Akira Yoshizawa. In addition to 60 models from his private collection, it features over 1,000 original drawings by the artist, and English translations of his writings in Japanese on origami, all of which are published here for the very first time. Origami projects include: The Koinobori and the Helmet Butterflies of Every Kind Fairy Tale Crowns and Caps The Lion Mask The Tengu Masks and many more! **Buyology** Martin Lindstrom,2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In Buyology, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? Buyology is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

*The Rapids* Susan Gillis,2012 Poetry. Urgent and precarious, the poems in THE RAPIDS, Susan Gillis' third collection, take us to places lost and reclaimed: a balcony high over the St. Lawrence River in downtown Montreal, upstream to the Lachine Rapids, and beyond, to landscapes as far apart as Greece and the B.C. coast. The presiding spirit of the book is force: wind, water, and time at work on the body and on the body of the world. Like the river that is its measure, THE RAPIDS is full of sudden shifts--a polyphony of surges and eddies and remarkable leaps. THE RAPIDS, Susan Gillis' ravishing new collection, gives us the strange loops of ordinary moments: a farewell at a train station, an empty room, the first bloodroot in spring. Her poems--airy, shimmering--reveal a slippage in time and space. We are not where we thought we were--not at all.--Anne Simpson
