

How To Make A Snapper Origami

Duy Nguyen

The Strange Case of Origami Yoda (Origami Yoda #1) Tom

Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." F&P Level: T F&P Genre: RF

Origami 101 Benjamin John Coleman, 2018-08-21 For the absolute beginner: more than forty amazing folding projects, including models that evolve from one of four basic origami shapes. Have you always been intrigued by origami, but often found the diagrams confusing or the models uninspiring? Origami 101 is here to help. A revolutionary illustration enhancement called Glow Fold makes the diagrams and video steps easy to understand. With the introduction of every folding symbol, you'll find a detailed sidebar explaining what it

means and a symbol index bookmark that guides you to these sidebars whenever you need to be reminded. If you need more help, just go directly to companion online video for any model. Just a few of things you'll learn to create: Roosting Robin Flowering Branch Flying Dragon Sea Turtle Tyrannosaurus Rex Tree Ornament Tropical Fish Graceful Swan With the help of origami enthusiast Benjamin Coleman, you'll learn how this classic craft can be enjoyed by all ages. Amuse yourself and delight your friends with these captivating folded figures! The glow-fold technique will be a valuable aid to paper folders of all levels who are learning a new model through diagrams. –Vanessa Gould, director of the Peabody Award,Äiwinning documentary Between the Folds

Easy Origami Fumiaki Shingu, 2007 Origami is the 1,000-year old tradition of Japanese paper folding. This full-color book by Japanese origami master Fumiaki Shingu features a dozen and a half specially commissioned, easy-to-do origami projects. Easy Origami provides the perfect guide for beginners as well as those looking to develop their skills. (from back cover)

The Surprise Attack of Jabba the Puppett (Origami Yoda #4) Tom Angleberger, 2013-08-06 The Surprise Attack of Jabba the Puppett is the fourth case file of the New York Times bestselling Origami Yoda series from Tom Angleberger! Some problems are too big for Origami Yoda alone . . . This semester, Dwight, Tommy, Sara, and the gang must face their deadliest enemy yet: the FunTime Education System. Meant to raise standardized test scores, the mind-numbing videos of Professor FunTime and his singing calculator are

driving everybody crazy! And worse yet, to make time for FunTime, all electives—drama, art, band—have been canceled! Naturally, the kids turn to Origami Yoda for help, but he tells them that this enemy is too strong for him to fight alone. If they want to get their favorite classes back, they must form a Rebel Alliance. Soon dozens of kids, each with his or her own origami puppet, join the Alliance. But will the Force be with them—or will they be defeated by the FunTime Menace? “Fans of the series will relish the side drawings’ goofy humor, the new puppets to make, and the cliff-hanger promising more to come.” —School Library Journal Includes instructions for folding your own origami Jabba and Ewok. The Origami Yoda series The Strange Case of Origami Yoda Darth Paper Strikes Back The Secret of the Fortune Wookiee The Surprise Attack of Jabba the Puppett Princess Labelmaker to the Rescue! Emperor Pickletine Rides the Bus Art2-D2’s Guide to Folding and Doodling: An Origami Yoda Activity Book

Origami Toys Florence Temko, 2012-12-11 Fold all kinds of toys out of paper with this fun and easy origami book. With easy directions and 22 origami projects kids and parents alike will love this paper folding book. If you have ever folded a paper airplane you have already tried origami. Origami is the craft of folding a piece of paper into a recognizable object, using only your hands, which is exactly how you made the airplane. Many people are fascinated with origami and find it to be a relaxing, yet challenging hobby. Origami Toys contains a lot of practical information, including: Step-by-step

instructions How to make unique decorations How to create new designs How to use different papers How to teach origami How to use origami as an educational tool Origami toy projects include: Monster Mask Jumping Mouse Fortune Teller Dollhouse Gum Wrapper Chain Football Game And many more!

Darth Paper Strikes Back (Origami Yoda #2) Tom Angleberger, 2012-08-07 The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda!* It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight’s presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* **STARRED REIVEW** “Angleberger’s just-as-funny follow-up to *The Strange Case of Origami*

Yoda delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book’s design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It’s a natural step up from the Wimpy Kid series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” —Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception Origami Yoda has received, kids will be clamoring for this sequel. They won’t be disappointed.” —School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the Origami Yoda, as Dwight’s friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made *The Strange Case of Origami Yoda* a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland Book Review “Darth Paper offers further proof that Angleberger

really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News

Star Wars Origami ,2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. *Star Wars Origami* includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami Yoda* and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

Making Origami Fish Step by Step Michael G. LaFosse,2001-12-15 Stingrays, angelfish, and sharks are just some of the fish kids will learn to make using

the origami step-by-step directions in this book. Fascinating facts about the different fish are included with each project.

Paper Toy Making Margaret W. Campbell, 2016-08-26 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Origami 1-2-3 David Petty, 2002-04 Patterns and tips for origami.

Origami for Busy People Marcia Joy Miller, 2014-05-20 Make quick and easy origami projects with this origami book with tear-out folding paper. Origami for Busy People is the first origami book for people who love to fold paper for fun and relaxation but have trouble finding the time in their busy day for it. The bright, high-quality folding paper in the book makes it like an origami kit—You won't have to buy new folding paper anytime soon! This origami book contains: 96 page, full-color booklet Introduction and guide to paper folding techniques Step-by-step instructions and diagrams 27 fun-to-do projects 48, two-sided perforated folding sheets Dozens of different colors and patterns These fun folds are a great way to learn origami and can be used to decorate your cubicle, to create something to give to friends and family at the end of the day, to show to colleagues at the water cooler or just to use as conversational ice-breakers or as a form of mental relaxation. The ease of the folds makes it a great origami-for-kids book but the projects are

interesting enough for adult beginner origami enthusiasts. Origami projects include Jack-O'Lantern Seahorse Noisemaker Topsy-Turvy And many more...

Origami to Astonish and Amuse Jeremy Shafer,2001-07-06 Step-by-step instructions show how to make models from simple to amazing, including moving figures and clever joke pieces.

Rupert Annual Alfred Bestall,2011 A genuine reproduction of the original publication that first appeared in 1965. Each beautifully presented copy is a limited edition of only 5,000 copies and bears its own individual number, making it a unique and highly desirable collectors item. Features classic stories, much-loved characters and activities.

Under the Sea Origami Duy Nguyen,2005 From a slithering electric eel to a ferocious barracuda, Duy Nguyen shows you simple paper folding techniques for crafting extraordinary sea creatures. These striking projects, specially designed for *Under the Sea Origami*, are fun to make using Nguyen's instructions. You don't have to dive under the sea to spot dolphins because these mammals enjoy jumping out of the water. Your origami model will emulate this graceful leaping motion once you create its intricately-folded arched back, fins, and snout. With a long, wide body and whip-like tail, the stingray is a most distinctive-looking fish. It appears to be in mid-flight even though it's nimbly swimming in the water. The hammerhead shark is easily recognized by the shape of its skull. A large tail, made by using mountain and valley folds, rises dramatically to give the hammerhead a great

silhouette. The origami blue shark, on the other hand, will attract attention because of its large gaping mouth! To complete the swordfish, you'll need to attach two pieces of folded paper together. Anyone might be frightened by the appearance of a creature that has a swordlike beak and pointy head, unless it was made of paper like this one is! The squid is as fun to create as the swordfish. Its creepy tentacles will take shape after you cut the valley-folded tail into layers. You will find that these unusual origami projects are among the most original ever designed. Book jacket.

Origami Paper Foldigami,2019-04-18 GREEN COLOR - this origami paper pack book contains 24 NON LOOSE LEAF sheets.DOUBLE SIDE origami paper for kids and adults great for the beginners level and advanced.BEST POPULAR SIZE - 6 by 6 inch great for learning how to make origami animals like cranes, frogs, birds, fish, turtles, cats, swans, dogs, elephants, monkeys, horses, dinosaurs, pandas, rabbits, pigs, zebras, doves, etc.. as well as things like boxes, envelopes, airplanes, heart shapes, and flowers. Easy Origami for Beginners Michael G. LaFosse, 2020-10-20 A complete introduction to origami paper folding for beginners at an unbeatable price! Easy Origami for Beginners is the ideal beginner's introduction to the magic of origami. This value-packed collection shows you how to fold the 20 most popular origami models that everyone loves to make. It is fully illustrated in color with simple and clear step-by-step instructions for each model. Included are the following delightful projects: A Picture Frame -- a useful and inexpensive way to display your favorite family photos A Mother Duck and Duckling --an adorable duck and duckling pair that requires only one sheet of paper! A Hibiscus Blossom -- one of two modular designs in the book that use several folded sheets to form a blossom that looks complicated (but isn't!) The Dart Glider -- a classic paper airplane that's fun to fold, but even more fun to fly! An Inflatable Bunny Balloon -- the most challenging (and rewarding!) model in the book...a puff of air makes it 3D! And many more! The clear, colorful instructions in this book make it easy to create amazing

paper models without any previous paper-folding experience. Perfect for adults or kids, and the ideal gift for someone who would like to try their hand at the traditional Japanese art of origami!

Origami and more. Papercraft projects galore! Susie Hodge, 2023-07-10 Have fun making these amazing paper creations. You'll find origami models plus puppets and pop-up greetings cards, boxes, a windmill and a picture frame. Get folding! * Includes everything you need. * Perfect projects for a rainy day. * Develop your creative skills.

Make a Paper Airplane Cathy French, 2010

Advanced Origami Michael G. LaFosse, 2012-09-04 Take your paper folding to an advanced level with this user-friendly origami book. From shimmering hummingbirds to magnificent bats, from a stunning panther mask to graceful sea turtles, Michael G. LaFosse's complex and beautiful origami projects are well known around the world. Focusing on models from nature, Advanced Origami provides unparalleled instruction on how to create master-class level 3D origami paper folding projects. The origami designs are challenging—they require some folding experience—but the results are more origami art than craft. Paper folders will create projects that can be displayed or given as gifts. Sophisticated origami or paper crafts fans will appreciate the unique origami designs along with complete detailed instructions and easy-to-follow color photos and diagrams. Advanced Origami also features information on paper selection and preparation, advance techniques such as wet folding and

making your own paper. This origami book contains: 128 page, full-color book
15 original and challenging projects Step-by-step instructions Colorful
diagrams and photographs Advanced techniques and tips In recent years origami
has evolved beyond simple folding and creasing into a true art form akin to
sculpture. For those seeking to learn origami at such a level, Advanced
Origami provides all the essential information and techniques. Soon you will
be able to design and fold your own origami sculptures! Origami projects
include: North American Cardinal Koi Fish Origamido Butterfly Pond Frog And
many more...
