There are stories that are nostalgic (Willow trees); there are stories that reflect and admonish (Regrets); and there are just plain fun to read stories (water skiing, smile

please, use it, or lose it). Over all, the book has many stories that will prompt comments such as: Yeah, I remember seeing that, or prompt a sighing reader to comment these stories are true, oh so true. The Complete Story of Sadako Sasaki Masahiro Sasaki,Sue DiCicco,2020-04-07 **\*\*Independent Publisher Book Award (IPPY) Winner\*\*** **\*\*Middle School Book of the Year-- Northern Lights Book Awards\*\*** **\*\*Skipping Stones Honor Award Winner\*\*** For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially

children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.
