Papertoy Monsters Brian Castleforte,2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that’s hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

European Pack for Visiting Auschwitz-Birkenau Memorial and Museum Alicja Bialecka,2010-01-01 Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. it comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and For The guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? in what sense is it different from present-day racism and anti-Semitism? the young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

From Hobbits to Hollywood ,2006-01-01 Peter Jackson’s film version of The Lord of the Rings (2001-2003) is the grandest achievement of 21st century cinema so far. But it is also linked to topical and social concerns including war, terrorism, and cultural imperialism. Its style, symbols, narrative, and structure seem always already linked to politics, cultural definition, problems of cinematic style, and the elemental mythologies that most profoundly capture our imaginations. From Hobbits to Hollywood: Essays on Peter Jackson’s Lord of the Rings treats Jackson’s trilogy as having two conditions of existence: an aesthetic and a political. Like other cultural artefacts, it leads a double life as objet d’art and public statement about the world, so that nothing in it is ever just cinematically beautiful or tasteful, and nothing is ever just a message or an opinion. Written by leading scholars in the study of cinema and culture From Hobbits to Hollywood gives Jackson’s trilogy the fullest scholarly interrogation to date. Ranging from interpretations of The Lord of the Rings’ ideological and philosophical implications, through discussions of its changing fandoms and its incorporation into the Hollywood industry of stars, technology, genre, and merchandising, to considerations of CGI effects, acting, architecture and style, the essays contained here open a new vista of criticism and light, for ardent fans of J.R.R. Tolkien, followers of Jackson, and all those who yearn for a deeper appreciation of cinema and its relation to culture.

Cyclopean Deeps Volume 1 - Swords & Wizardry Matt Finch,2018-05 Deep beneath the ground, in those regions where the echoes of mankind's feet are seldom heard, where even firelight is a bizarre intruder from a long-forgotten place, the foes of mankind breed and multiply. It is a realm of dark chaos - for these creatures of the echoing deeps count each other as rivals and enemies. It is a place without peace, a place without virtues, a place where every countenance of evil is to be found in sluggish torpor, stirring restlessly in dreams of cruelty and hatred. These dark and deadly provinces are known as the Under Realms. Most named regions in the Under Realms are quite distinct from each other, whether by geological formation or by the types of inhabitants that have established themselves in strategically important areas. Characters who enter this area expecting to find drowic elves, deep gnomes, and other normal features of the Under Realms will swiftly discover the error of their thinking. The Vaults of the Sunless Sea, located to the north of the Cyclopean Deeps, might fit that description, but the Cyclopean Deeps are a different and decidedly more unpleasant area into which the denizens of the Vaults seldom venture. This series of adventures forms a mini-campaign in the depths of the earth, suitable for a party of 4+ characters with an average level of 10-12, or 8+ characters with an average level around 7. For Swords & Wizardry.
