**Fireproof** Alex Kendrick, Stephen Kendrick, Eric Wilson, 2011-07-11 Firefighter Caleb Holt lives to rescue people from flames. But when his marriage is in danger of collapse, how far will he go to save it? Based on the beloved film *Fireproof* and the inspiration for *The Love Dare*, this New York Times bestseller reminds us that God will choose to save us every time. Growing up, Caleb Holt's wife, Catherine, always dreamed of marrying a loving, brave firefighter . . . just like her father. Now, after seven years of marriage, she wonders when she stopped being "good enough" for Caleb. Countless arguments and anger have them wanting to move on to something new, something easier, something with more sparks. As Caleb and Catherine face inevitable divorce, Caleb's father challenges Caleb to commit to a 40-day experiment: "The Love Dare." Wondering if his failing marriage is even worth the effort, Caleb reluctantly agrees, not realizing how these forty days will change his world forever. Surprised by what he discovers about the meaning of love, Caleb begins to see his wife and marriage as worth fighting for. But is it too late? His job is to rescue others. Now Captain Holt must face his toughest job ever . . . rescuing his wife's heart. A contemporary inspirational standalone novel based off the film *Fireproof* by the makers of *Facing the Giants* and *Overcomer* Includes stills from the movie set and a bonus chapter called "The Making of *Fireproof*" by Stephen Kendrick Includes discussion questions for book clubs

**Car Leasing Done Right** Jorge Diaz, 2021-11-05 Vehicle leasing is one of the most cost-effective ways of solving transportation needs in Canada. Still, it doesn't mean everybody does it right. It took more than 15 years to gather all the information provided in this book. It is a guide that will help anyone to confidently sign and satisfy his/her transportation needs with a lease contract. You will learn to easily understand the numbers. How to sign a contract that gives you peace of mind. How to transfer your lease without affecting your credit. You will learn the right way of leasing a car you can afford without hurting your finances. And many more other tips for your insurance, warranty, saving money and time. This book is divided into three main parts: Vehicle Leasing Basics, Lease Transfer & Takeover, and Car Leasing Statistics in Canada. If you are new to car leasing (or financing) or just want to get rid of all those doubts you may have regarding a vehicle purchase, Part One: Vehicle Leasing Basics, is a must-read. You will learn to understand all the way down from pricing, kilometers (km), term, agreement and all other factors that define a lease contract. You will come to understand these all in a way that won't make getting your next car a big deal. Simply put, leasing a vehicle will seem like the regular transaction it was always supposed to be. Additionally, you will learn about the coverage products that come along with your car. Those designed to cover the "unexpected" and give you peace of mind. Scratches, dents, and damage will always happen because your vehicle (and others) are on the go. It was designed and expected to receive damage, wear, and depreciation. You just need to be prepared for it! Next, in Part Two: Lease Transfer & Takeover, you will learn the perks of one of the most important components of a lease

contract: the opportunity to terminate your contract by giving it away to someone else. You will learn about the process, the benefits, and the costs of doing this. Although we can all estimate how long we might need a car, life will always throw surprises at us and our loved ones: a newborn, a new work vehicle, new routes to a new office, downsizing, or any other major life change. After operating the LeaseCosts™ Lease Takeover Marketplace for years, I've learned so many things that would love to share with you here, from both the buyer and the seller perspective. And Part Three: Car Leasing Statistics in Canada, will give you a lot of new insights on how we Canadians consume our vehicles. You will also get a look into a deep 15-year study that involves over 23,000 vehicle leasing contracts cross-country that will help you understand things like: - How much Canadians pay per month on average on a car lease. - The average for each specific car make. - The most popular leasing terms by manufacturer. - The average down payment for Volkswagen, Audi, KIA, etc. and how many people make a down payment. - How many people actually take the Wear & Tear coverage [LA1] [JD2] and how it can impact on future unexpected events. - The kind of average payment you should expect for high-end vehicles compared to mass-market ones. - How much you should offer as an incentive if you need to transfer your lease. After finishing all three parts, you will walk away with a solid understanding of how car leasing works in Canada - and I guarantee that you will feel prepared and confident when considering and signing your new car lease.

**Detransition, Baby** Torrey Peters, 2021-01-12 NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle

PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women's Prize • Roxane Gay's Audacious Book Club Pick • New York Times Editors' Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

**Marketing in the Age of Google** Vanessa Fox, 2010-05-03 Search has changed everything. Search has become woven into our everyday lives, and permeates offline as well as online activities. Every business should have a search strategy. How a business appears online can impact consumer influence as much

as if not more than offline advertising like TV commercials. A business's search strategy can have a dramatic impact on how consumers interact with that business. But even more importantly, search engine activity provides amazingly useful data about customer behavior, needs, and motivations. Accessing search data is like conducting focus groups with millions of people for free. Search isn't just for marketers and techies. It can provide valuable insight on business strategy and product strategy. Companies of all sizes - from startups to global enterprise level corporations, and even businesses without web sites - can benefit from understanding how consumers are searching for them and talking about them online, both as a powerful acquisition channel and a vast repository of market research. In this non-technical book for executives, business owners, marketers, and product managers, search engine strategy guru Vanessa Fox—who created Google's portal for site owners, Google Webmaster Central—explains what every marketer or business owner needs to understand about how search rankings work, how to use search to better understand your customers and attract new ones, how to develop a comprehensive search strategy for your business, and how to build execution of this strategy into the businesses processes. This isn't another book about paid search for advertisers. This book focuses on organic listings - the unpaid results that receive 86% of searcher clicks. Written by search engine guru Vanessa Fox, formerly Google's search engine strategy spokesperson and creator of Google Webmaster Central Explains from a businessperson's perspective how to develop a successful search engine strategy Shows how to use the easily accessible data from search engines to increase qualified traffic, better understand customers, and strengthen customer relationships Reveals how smaller companies can leverage search

engine marketing to achieve parity with larger brands With this book in hand, every businessperson will have the knowledge and the tools to maximize the potential of search engine marketing to build a brand, draw new prospects, and generate sales.

*Buyology* Martin Lindstrom, 2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today’s consumer that will captivate anyone who’s been seduced—or turned off—by marketers’ relentless attempts to win our loyalty, our money, and our minds.

*Advertising Education Around the World* Jef I. Richards, Billy I. Ross, American Academy of Advertising, Michigan State University. Department of Advertising & Public Relations, 2014 Advertising resides at the hub of most countries' economy, so advertising education is by necessity, a global experience and practice. There are degree programs, tracks, concentrations, specializations or courses in advertising to be found in almost every corner of the globe. Most of them draw, or drew, from programs in the United States, but each of them has its own unique character and hurdles, and each has learned its own lessons. To advance standards everywhere, the hard-learned experiences of educators in one country must be shared with those in other places. This book is a small step toward building a global network among people who share a common interest: advertising. -- Back cover.

**Glamour Boutique** Torrey Peters, 2017-08-03 You can only lose your virginity once, right? Not if you're Amy—a trans woman caught in loops of dissociation—so that she has sex for the first time multiple times, in multiple ways, through multiple levels of presence, in a search to own and redeem the self-inflicted pain of her past. From Torrey Peters, author of *The Masker* and *Infect Your Friends and Loved Ones*, comes a novella that dives into the labor of naming your pain when there's no easily identifiable source of trauma.
