*Eagle Song* Joseph Bruchac,1999-03-01 A contemporary middle grade story about confronting bullying and prejudice Danny Bigtree's family has moved to Brooklyn, New York, and he just can't seem to fit in at school. He's homesick for the Mohawk reservation, and the kids in his class tease him about being an Indian—the thing that makes Danny most proud. Can he find the courage to stand up for himself? “A worthy, well-written novella.” —Kirkus Reviews “This appealing portrayal of a strong family offers an unromanticized view of Native American culture, and a history lesson about the Iroquois Confederacy; it also gives a subtle lesson in the meaning of daily courage.” —Publishers Weekly With so many Native American stories set in the misty past, it's great to read a children's book about an Iroquois boy who lives in the city now. Bruchac weaves together the traditional and the realistic as Danny's ironworker father tells stories of his people's history and heroes, stories that give Danny courage to confront his schoolyard enemies and make friends with them.” —Booklist

*Monet's Garden* Claude Monet,Christoph Becker,Catherine Hug,Monika Leonhardt,Linda Schädler,2004 Claude Monet (1840-1926) was one of the first artists to move his studio out into the open air, creating works which continue to fascinate and inspire us today as much as they did his contemporaries. One of the founding fathers of Impressionist art, Monet's works consistently reflect the artist's profound love of nature. Many of his paintings were directly inspired by the gardens that played such an important role in his life--the garden at his house in Sèvres in the 1860s, those at his two homes in Argenteuil in the 1870s, followed by a garden at his estate in Vauhallons. Yet the most famous of Monet's gardens was the expansive park in Giverny, which inspired his masterful handling of light and color for more than thirty years and provided motifs for hundreds of individual paintings and series that remain immensely popular today--among them the masterpieces of his Water-Lilies series. This magnificent volume of full-page color plates is devoted to this central theme in the work of the French artist. It presents landscapes, still lifes, and portraits of people in natural settings from nearly all of Monet's creative periods--from his early Impressionist paintings of the 1870s to the Grandes Dacorations of the early 1900s. Also included are photographs of Monet's gardens, diagrammatic recreations of these spaces (based on the artist's paintings), several bills of delivery and planting instructions from horticulturalists.
