The Rejection of Consequentialism Samuel Scheffler,1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

*Moon-face and Other Stories* Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, *The Call of the Wild* (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including *The Sea-Wolf* (1904), *White Fang* (1906), *South Sea Tales* (1911), and *Jerry of the South Seas* (1917). One of London's most interesting novels is the semi-autobiographical *Martin Eden* (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

*Unchained Mind* Ricardo G. Williams, 2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinking chains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention.

My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

**Kumba Africa** Sampson Ejike Odum,2020-11-03 '*KUMBA AFRICA*', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they

gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.
