**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the

evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**If Anything Happens I Love You** Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love,

and acceptance.

**From Cave Man to Cave Martian** Manfred "Dutch" von Ehrenfried,2019-04-05 This book explores the practicality of using the existing subsurface geology on the Moon and Mars for protection against radiation, thermal extremes, micrometeorites and dust storms rather than building surface habitats at great expense at least for those first few missions. It encourages NASA to plan a precursor mission using this concept and employ a "Short Stay" Opposition Class mission to Mars as the first mission rather than the "Long Stay" concept requiring a mission that is too long, too dangerous and too costly for man's first missions to Mars. Included in these pages is a short history on the uses of caves by early humans over great periods of time. It then describes the ongoing efforts to research caves, pits, tunnels, lava tubes, skylights and the associated technologies that pertain to potential lunar and Mars exploration and habitation. It describes evidence for existing caves and lava tubes on both the Moon and Mars. The work of noted scientists, technologists and roboticists are referenced and described. This ongoing work is more extensive than one would think and is directly applicable to longer term habitation and exploration of the Moon and Mars. Emphasis is also given to the operational aspects of working and living in lunar and Martian caves and lava tubes.

**Athletico Mince** Bob Mortimer,Andy Dawson,2017 For the first book inspired by their popular podcast, Bob Mortimer and Andy Dawson considered producing an authoritative guide to the past, present and future world of football. But, as in the podcast, they got a bit side-tracked. As well as bringing you some (more or less) completely genuine football facts, Bob and Andy speculate about the lifestyle of baked bean-loving, yellow snake-owning ex-England boss Steve McClaren, and investigate the 'Gangs of the EPL', where football meets infantile bullying. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro - and the lyrics from some of Bob's most memorable Scottish songs, so that you can sing them to your children, elderly relatives or, indeed, yourself, should you need to be soothed after learning about Robson Green's Extreme Bangers. In summary, it's a bit of a mess - but - it's a beautiful, glorious, hilarious mess and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you.
