How to Make Movies Kevin J.

Lindenmuth,2013-02-07 The success of low-budget independent films like The Blair Witch Project and Paranormal Activity have clearly demonstrated that successful movies can be made with very small budgets. Still, working on a tight budget requires both skill and

ingenuity, and is an inevitable and continuous learning experience for the filmmaker. Join two dozen truly independent filmmakers—those used to working, and delivering, within extreme limitations—as they bluntly chronicle their experiences creating features “from the trenches.” They cover the major stages of the filmmaking process, from financing, technical decisions, and handling actors and crew to music, production, and distribution. With loads of practical advice, actual case studies, and many behind-the-scenes photographs, this collection of war stories from the micro-budget front lines will benefit aspiring and experienced independent filmmakers alike.

Paper & Blood Kevin Hearne, 2021-08-10 From the New York Times bestselling author of The Iron Druid Chronicles comes book two of an “action-packed, enchantingly fun” (Booklist) spin-off series, as an eccentric master of rare magic solves a supernatural mystery Down Under! There’s only one Al MacBharra: Though other Scotsmen may have dramatic mustaches and a taste for fancy cocktails, Al also has a unique talent. He’s a master of ink and sigil magic. In his gifted hands, paper and pen can work wondrous spells. But Al isn’t quite alone: He is part of a global network of sigil agents who use their powers to protect the world from mischievous gods and strange monsters. So when a fellow agent disappears under sinister circumstances in Australia, Al leaves behind the cozy pubs and cafes of Glasgow and travels to the Dandenong Ranges in Victoria to solve the mystery. The trail to his colleague begins to pile up with bodies at alarming speed, so Al is grateful his friends have come to help—especially Nadia, his accountant who moonlights as a pit fighter. Together with a whisky-loving hobgoblin known as Buck Foi and the ancient Druid Atticus O’Sullivan, along with his dogs, Oberon and Starbuck, Al and Nadia will face

down the wildest wonders Australia—and the supernatural world—can throw at them, and confront a legendary monster not seen in centuries.

Stargirl Jerry Spinelli, 2004-05-11 ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME • NEW YORK TIMES BESTSELLER A modern-day classic from Newbery Medalist Jerry Spinelli, this beloved celebration of individuality is now an original movie on Disney+! And don't miss the author's highly anticipated new novel, *Dead Wednesday!* *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. *Stargirl* is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, as well as *The Warden's Daughter*, a novel about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent. . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion." —The New York Times

The Image of the City Kevin Lynch,1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

Behavioral Finance: The Second Generation Meir Statman,2019-12-02 Behavioral finance presented in this book is the second-generation of behavioral finance. The first generation, starting in the early 1980s, largely accepted standard finance's notion of people's wants as "rational" wants—restricted to the utilitarian benefits of high returns and low risk. That first generation commonly described people as "irrational"—succumbing to cognitive and emotional errors and misled on their way to their

rational wants. The second generation describes people as normal. It begins by acknowledging the full range of people's normal wants and their benefits—utilitarian, expressive, and emotional—distinguishes normal wants from errors, and offers guidance on using shortcuts and avoiding errors on the way to satisfying normal wants. People's normal wants include financial security, nurturing children and families, gaining high social status, and staying true to values. People's normal wants, even more than their cognitive and emotional shortcuts and errors, underlie answers to important questions of finance, including saving and spending, portfolio construction, asset pricing, and market efficiency.

He is blessed with an extraordinary white moustache, an appreciation for craft cocktails—and a most unique magical talent. He can cast spells with magically enchanted ink and he uses his gifts to protect our world from rogue minions of various pantheons, especially the Fae. But he is also cursed. Anyone who hears his voice will begin to feel an inexplicable hatred for Al, so he can only communicate through the written word or speech apps. And his apprentices keep dying in peculiar freak accidents. As his personal life crumbles around him, he devotes his life to his work, all the while trying to crack the secret of his curse. But when his latest apprentice, Gordie, turns up dead in his Glasgow flat, Al discovers evidence that Gordie was living a secret life of crime. Now Al is forced to play detective—while avoiding actual

detectives who are wondering why death seems to always follow Al. Investigating his apprentice's death will take him through Scotland's magical underworld, and he'll need the help of a mischievous hobgoblin if he's to survive.
