To the Point Daniela Malev, 2017 In the field of contemporary jewellery, the brooch is a very common and also much discussed form of jewellery. One of the special challenges of making a good brooch is to find an adequate solution for the pin, which connects the piece securely to the wearer but goes beyond being a mere functional and invisible part of the backside. It should be an essential part of the brooch in terms of content and aesthetics. The author is convinced that the fastening and attachment of a brooch hold a tremendous potential for the design of a brooch in its entirety. As the selection of brooches in this book demonstrates, there is a whole universe of possibilities and varieties...

*Picasso's Ladies* Wendy Ramshaw, Anna Beatriz Chadour-Sampson, 1998 Wendy Ramshaw who lives in London is one of the leading artist-jewellers of the late 20th century whose distinctive style is internationally admired and widely influential. Picasso, one of the most prolific artists of the 20th century, and his painted records of his wives, mistresses and friends have been the focus of Ramshaw's study since the mid-Eighties. The sheer beauty of the women and the full range of emotions expressed in these paintings provided the impetus to design one or more jewels for each of

the 66 portraits of 'Picasso's Ladies' illustrated in this book. In this publication the collection is for the first time being presented in its entirety alongside Picasso's paintings, the source of stimulus. In an unusual approach the artist gives in her notes an insight into her working process. She reveals to us the personal messages of each painting which led to a number of amazing designs and how her choice of stones either reflect or go against the colours on the paintings. Four authors have illuminated various aspects of what are undoubtedly some of the most intellectually complex and aesthetically accomplished jewels.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. See also ordinary. Abnormal, adjective: Deviating from the common type, such as playing monster-human on the rooftops of Manhattan. See also Verity Price. The Price family has spent generations studying the monsters of the world, working to protect them from humanity—and to protect humanity from them. Verity Price is just trying to do her job, keeping the native cryptid population of Manhattan from getting into trouble, and doing a little ballroom dancing on the side. Enter Dominic De Luca, an operative for the Covenant of St. George, and Verity's on-again, off-again boyfriend. When he tells her that the Covenant is sending a full team to assess how ready the city is for a purge, Verity finds herself between a rock and a hard place. Stay, and risk her almost-certain death, or flee, and leave the cryptids of New York with nothing between them and the Covenant. With allies and enemies on every side, and no safe way to turn, it's going to take some quickstepping for Verity to waltz out of this one. There's just one question on everyone's mind: Is this the last dance for Verity Price?

1636: The Devil's Opera Eric Flint, David Carrico, 2013-09-16 A new addition to the multiple New York Times best-selling Ring of Fire series. After carving a place for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia take on a murderous conspiracy of operatic proportions in Magdeburg, the capital of the United States of Europe. New York Times Best Selling Series Eric Flint and David Carrico serve up the latest entry in the best-selling alternate history saga of them all, the Ring of Fire! It is the year 1636. The United States of Europe, the new nation formed by an alliance between the Swedish king Gustavus Adolphus and the West Virginians hurled back in time by a cosmic accident, is on the verge of civil war. His brain injured in the war with Poland, the USE's emperor Gustavus Adolphus is no longer in command. Enter Swedish chancellor Oxenstierna, a leader of aristocratic reaction against democracy. His goal: to assemble the forces of the hidebound ruling class in Berlin and drown the revolution in a bloodbath. In Magdeburg, the capital of the USE, Mike Stearns' wife Rebecca Abrabanel is organizing popular resistance to Oxenstierna's plot. As part of the resistance, the American musician Marla Linder and her company of down-time musical partners are staging an opera that will celebrate the struggle against oppression. Princess Kristina, the heir to the USE's throne, is now residing in Magdeburg and is giving them her support and encouragement. But another plot is underway--this one right in the heart of the capital itself, and with murder as its method. The only people standing in the way are a crippled boy and the boxing champion who befriended him, and an unlikely pair of policemen. Can the American detective Byron Chieske and his down-timer partner Gotthilf Hoch thwart the killers before they succeed in their goal?
