Hoosiers and the American Story Madison, James H., Sandweiss, Lee Ann, 2014-10-01 A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Trends in African Popular Music Ikenna Emmanuel Onwuegbuna, 2015-07-25 Popular music –an acculturative product of the African folk music–scrutinized along the lines of musical and social processes as inseparable pair in developing the various genres of the eclectic musical form. In Nigeria, it is the congruent collaboration of creativity and politico-socio-economic activities of the mid-1940s (the period following the World War II) that evolved the various genres of popular music of the land—a process that is still in being! The social processes that span through the diverse fields of economics, politics, linguistics, sociology, philosophy, and religion made up a manifold agency of acculturation, commercialization, urbanization, and class stratifications. Similarly, the musical processes emanating from the folk musical practices of conception, composition, and classification of genres; recruitment of group members and administrative personnel; training, packaging, costuming, and aesthetics; and then the performance proper are carried over into a parallel development of a neo-folk form that became popular. The popularity of the new form is due to a socio-musical interchange that is both structural and functional. The peculiar nature of the product of this new musical expression—pop—therefore presents four possible angles for definition. The definitions could be stylistic, sociological, process- or theory-based. The genres developed include highlife, afrobeat, rock, calypso, disco, hip hop, rhythm 'n' blues, funk, and reggae. However, the star feature of this investigation is the Afro-reggae genre of Nigeria. The primary research process of survey was backed up by historical and descriptive methods to unearth the leaning on the rhythm of social life by popular music artistes to develop the African reggae genre, especially in Nigeria.

You Can Only Yell at Me for One Thing at a Time Patricia Marx, 2020-01-14 The perfect Valentine's Day or anniversary gift: An illustrated collection of love and relationship advice from New Yorker writer Patricia Marx, with illustrations from New Yorker cartoonist Roz Chast. Everyone's heard the old advice for a healthy relationship: Never go to bed angry. Play hard to get. Sexual favors in exchange for cleaning up the cat vomit is a good and fair trade. Okay, not that last one. It's one of the tips in *You Can Only Yell at Me for One Thing at a Time: Rules for Couples* by the authors of *Why Don't You Write My Eulogy Now So I Can Correct It: A Mother's Suggestions*. This guide will make you laugh, remind you why your relationship is better than everyone else's, and solve all your problems. Nuggets of advice include: If you must breathe, don't breathe so loudly. It is easier to stay inside and wait for the snow to melt than to fight about who should shovel. Queen-sized beds, king-sized blankets. Why not give this book to your significant or insignificant other, your anti-Valentine's Day crusader pal, or anyone who can't live with or without love?

Unbounded Wholeness Anne C. Klein, Tenzin Wangyal, 2006 Explaining Dzogchen teachings for the Western audience, this text provides a study and translation of the 'Authenticity of Open Awareness', a foundational text of the Bon Dzogchen tradition. Towards a Social Ecology F. E. Emery, E. L. Trist, 2012-12-06 Sir Geoffrey Vickers This book is described as a contribution 'towards a social ecology'. As such it is timely and welcome. The phrase is not yet familiar, the concept still imprecise; we need urgently to move toward a better understanding of it. The word 'ecology' began to become familiar outside scientific circles when human intervention in natural processes began to have effects so unforeseen, so dramatic and so disastrous as to make headline news. It might be infestation by an unfamiliar pest, like the rabbit in Australia; or soil erosion, from ill-controlled clearing and cropping; or pollution from fertilizers or industrial wastes; or urban proliferation; or toxic accumulation of pesticides. From the crescendo of such warnings, industrial man began to learn again what agricultural man learned long ago—that he is only one among many species, whose continued existence depends not only or primarily on competitive struggle but on most complex systems of mutual support, not less effective for being unconscious and unplanned. These are the kind of systems that ecologists study; so we look to ecology for light upon them.

Negro Soy Yo Marc D. Perry, 2015-12-25 In *Negro Soy Yo* Marc D. Perry explores Cuba's hip hop movement as a window into the racial complexities of the island's ongoing transition from revolutionary socialism toward free-market capitalism. Centering on the music and lives of black-identified raperos (rappers), Perry examines the ways these young artists craft notions of black Cuban identity and racial citizenship, along with calls for racial justice, at the fraught confluence of growing Afro-Cuban marginalization and long held perceptions of Cuba as a non-racial nation. Situating hip hop within a long history of Cuban racial politics, Perry discusses the artistic and cultural exchanges between raperos and North American rappers and activists, and their relationships with older Afro-Cuban intellectuals and African American political exiles. He also examines critiques of Cuban patriarchy by female raperos, the competing rise of reggaetón, as well as state efforts to incorporate hip hop into its cultural institutions. At this pivotal moment of Cuban-U.S. relations, Perry's analysis illuminates the evolving dynamics of race, agency, and neoliberal transformation amid a Cuba in historic flux.

Rethinking Density Anamarija Batista, Szilvia Kovács, Carina Lesky, 2017 *Rethinking Density: Art, Culture, and Urban Practices* considers new perspectives and discussions related to the category of density, which for a long time has been part of urban-planning discourses and is now regaining the attention of artists and practitioners from a number of different disciplines. In an interplay of models, coping strategies, and experimental approaches, this publication combines research from cultural studies, artistic research, sound studies as well as architectural and urban theory. The issues discussed include the consideration of retroactive architectural design as a means to retrace the historical layers of a city, a proposal for spacesharing concepts as instruments for urban revitalization processes, and a case study on the potential for new sonic social spaces as subversive modes to undermine prevailing power structures. Contributors Anna Artaker, Anamarija

But when a rather unkempt civil servant is mixed up in the mysterious death of a minor aristocrat, Rumpole seizes the opportunity to escape a life of leisure. He is soon back in court (via a budget airline) to do battle once more with Judge 'Mad Bull' Bullingham.
