Artists' Film (World of Art) David

Curtis,2021-10-05 Artists' Film offers a lucid, accessible account of artists' unique contribution to the art of the moving image in the twentieth and early twenty-first centuries. International in scope and accessibly written by a renowned authority on the subject, Artists' Film is an introductory guide to the exciting and expanding field of artists' film and an alternative history of the moving image, chronicling artists' ever-evolving fascination with filmmaking from the early twentieth century to now. From early pioneers to key artists of today, writer and curator David Curtis offers a vivid account of the many creators who have been inspired by the cinematic medium and who have felt compelled to interpret and respond to it in their own way. In doing so, Curtis discusses these artists' widely differing achievements, aspirations, theories, and approaches. Featuring over four hundred international moving-image makers and drawing on examples from across the arts, including experimental film, video, installation, and multimedia, this generously illustrated account offers an incomparable introduction to this continually evolving art form. A perfect read for anyone with an interest in the intersection of contemporary art and film.

*Jungle Night* Sandra Boynton,2023-06-20 Two celebrated artists, Sandra Boynton and Yo-Yo Ma, come together for *Jungle Night*, a soothing bedtime board book. (Okay, MOSTLY soothing.) This board book guides us through the jungle to hear the distinctive, gentle snore of each animal: "Listen to the tiger: ZEEE-ZOOO-HAAA. Listen to the cheetah: CHEE-CHEE-TAAAH." A free downloadable recording at [JungleNight.com](https://www.junglenight.com) offers a narration of

the book, with each and every animal snore interpreted by the expressive, playful cello of Yo-Yo Ma. He even does the elephant's stop-the-show snore—though admittedly that took Ma's cello PLUS the classic horn salute of the James R. Barker steamship. (Seriously.) All this fabulousness leads into the coolest lullaby ever: "Jungle Gymnopédie No. 1," a polyrhythmic jungle-y arrangement by Boynton of Erik Satie's renowned piece, with Yo-Yo Ma on cello, guitar played by Ron Block of Alison Krauss Union Station, and drums by Kevin MacLeod. "Yo-Yo and I chose this piece because it's the most gorgeous and mesmerizing night song imaginable," explains Boynton. "And there was surely nothing else that could get those animals back to sleep after that elephant blast."

**Open Codes** Blanca Giménez, 2022 Today we live in a globalized world, controlled and created by digital codes. From communication to transportation (of people, goods, and messages), everything is guided by codes that use electromagnetic waves and computers. With the Open Codes. Living in Digital Worlds± exhibition, the ZKM Karlsruhe is once again addressing the subject of digitalization and the recording of the world through the binary code. Everyone should have the chance to understand what lies behind today's digital world. The exhibition will present artworks and scientific works based on digital as well as on analog codes. The works visualize and explain the complex dynamics of code, and the way in which they are increasingly shaping the way we live and perceive the world. Exhibition: ZKM - Zentrum für Kunst und Medien, Karlsruhe, Germany (19.10.2017 - 06.01.2019).

**Karin Sander - Gebrauchsbilder** Karin Sander, 2011 Karin Sander's Patina Paintings are created at-- and by--the site of their exhibition. Sander transports blank canvases to the exhibition venue

and leaves them outside, unprotected, to accumulate the patina of their location as chance and the whims of nature determine. The results are delicate abstractions resembling the mark-making of John Cage or Cy Twombly. This handsome monograph records the series.

**The Amden Atelier, 1999-2015** Roman Kurzmeyer, 2015 The mountain community of Amden am Walensee (Switzerland) was a place of social and artistic experiments as early as the beginning of the 20th century. In the last 15 years, many artists have been invited to exhibit in the Amden Atelier, a small farm, or to use the facilities for the production of a work of art. This publication includes all exhibitions and installations staged since 1999 and describes and discusses the individual art projects. The work is complemented by essays on the landscape, the place and its change of use to an exhibition space, on the curating concept and its development in recent years.

*Ausst. in Göppingen u.d.T.: Pietro Sanguineti - the center Pietro Sanguineti, Oliver Zybok, 2010* Pietro Sanguineti's language-oriented work evokes the bold aesthetic of advertising but also incorporates a variety of historical and contemporary artistic references, from Ren Magritte to Ken Lum. Using words as visual motifs, Sanguineti explores the interplay between these almost polar approaches. This monograph surveys Sanguineti's work in installation, video and sculpture in addition to his trademark verbal images.
