Like Brothers Mark Duplass, Jay Duplass, 2018-05-08 The multitalented writers, directors, producers, and actors (as seen on *The League*, *Transparent*, and *The Mindy Project*) share the secrets of their lifelong partnership in this unique memoir. "A book that anyone will love . . . You can enjoy it even if you have no idea who the Duplass brothers are."—Janet Maslin, *The New York Times* Whether producing, writing, directing, or acting, the Duplass Brothers have made their mark in the world of independent film and television on the strength of their quirky and empathetic approach to storytelling. Now, for the first time, Mark and Jay take readers on a tour of their lifelong partnership in this unique memoir told in essays that share the secrets of their success, the joys and frustrations of intimate collaboration, and the lessons they've learned the hard way. From a childhood spent wielding an oversized home video camera in the suburbs of New Orleans to their shared years at the University of Texas in early-nineties Austin, and from the breakthrough short they made on a three-dollar budget to the night their feature film *Baghead* became the center of a Sundance bidding war, Mark and Jay tell the story of a bond that's resilient, affectionate, mutually empowering, and only mildly dysfunctional. They are brutally honest about how their closeness sabotaged their youthful romantic relationships, about the jealousy each felt when the other stole the spotlight as an actor (Mark in *The League*, Jay in *Transparent*), and about the challenges they faced on the set of their HBO series *Togetherness*—namely, too much togetherness. But *Like Brothers* is also a surprisingly practical road map to a rewarding creative partnership. Rather than split all their responsibilities fifty-fifty, the brothers learned to capitalize on each other's strengths. They're not afraid to call each other out, because they're also not afraid to compromise. Most relationships aren't—and frankly shouldn't be—as intense as Mark and Jay's, but their brand of trust, validation, and healthy disagreement has taken them far. Part coming-of-age memoir, part underdog story, and part insider account of succeeding in Hollywood on their own terms, *Like Brothers* is as openhearted and lovably offbeat as Mark and Jay themselves. "Wright. Ringling. Jonas. I'm sure you could name a bunch of famous brother teams. They're all garbage compared to Mark and Jay. I can't wait for you to read this book."—from the foreword by Mindy Kaling

Reinventing Cinema Chuck Tryon, 2009-06-29 For over a century, movies have played an important role in our lives, entertaining us, often provoking conversation and debate. Now, with the rise of digital cinema, audiences often encounter movies outside the theater and even outside the home. Traditional distribution models are challenged by new media entrepreneurs and independent film makers, user-generated video, film blogs, mashups, downloads, and other expanding networks. *Reinventing Cinema* examines film culture at the turn of this century, at the precise moment when digital media are altering our historical relationship with the movies. Spanning multiple disciplines, Chuck Tryon addresses the interaction between production, distribution, and reception of films, television, and other new and emerging media. Through close readings of trade publications, DVD extras, public lectures by new media leaders, movie blogs, and YouTube videos, Tryon navigates the shift to digital cinema and examines how it is altering film and popular culture.

The Dead Eye and the Deep Blue Sea Vannak Anan Prum, 2018-08-07 Too poor to pay his pregnant wife's hospital bill, Vannak Anan Prum left his village in Cambodia to seek work in Thailand. Men who appeared to be employers on a fishing vessel promised to return him home after a few months at sea, but instead Vannak was hostaged on the vessel for four years of hard labor. Amid violence and cruelty, including frequent beheadings, Vannak survived in large part by honing his ability to tattoo his shipmates—a skill he possessed despite never having been trained in art or having had access to art supplies while growing up. As a means of escape, Vannak and a friend jumped into the water and, hugging empty fish-sauce containers because they could not swim, reached Malaysia in the dark of night. At the harbor, they were taken into a police station . . . then sold by their rescuers to work on a plantation. Vannak was kept as a laborer for over a year before an NGO could secure his return to Cambodia. After five years away, Vannak was finally reunited with his family. Vannak documented his ordeal in raw, colorful, detailed illustrations, first created because he believed that without them no one would believe his story. Indeed, very little is known about what happens to the men and boys who end up working on fishing boats in Asia, and these images are some of the first records. In regional Cambodia, many families still wait for men who have disappeared across the Thai border, and out to sea. *The Dead Eye and the Deep Blue Sea* is a testament to the lives of these many fishermen who are trapped on boats in the Indian Ocean.

One Story Gipi, 2020-07-28 Dual graphic narratives by the acclaimed Italian cartoonist demonstrate how the choices our ancestors made dramatically affect generations to come. Silvano Landi is a successful writer who, at the age of 50, sees his family leave him and his life fall apart. Landi's great-grandfather, Mauro, is an anxious soldier being fed to the maw of carnage in the First World War. Alternating between past and present, a psych ward and the bloody trenches, and told through complex clues — a lone gas station, an apathetic baroness, found love letters, and shifting from scratchy black-and-white to lush watercolors (sometimes on the same page), *One Story* documents the origins of pain that serve as the roots of a twisted family tree, and allows the reader to trace the branches.

Grant Snider "Find a quiet spot away from all distraction / Listen to your breath / Watch your thoughts float past you / Forget the obligations of today / Try not to consider your eventual decay / Let yourself drift away / Arise, connected with the Earth / Awakened to the Universe." In *The Art of Living*, cartoonist Grant Snider, author of *The Shape of Ideas* and *I Will Judge You by Your Bookshelf*, has created an all-new collection of one- and two-page comics that map his inner thoughts, poetic observations, and frequent failures at living mindfully. With both humor and a touch of reality, *The Art of Living* centers on mindfulness, but also empathy, relaxation, gratitude, and awareness—evergreen subjects that are more important and relevant now than ever. With a striking package, *The Art of Living* is an extension of the themes of Snider's first two books—which explored the creative process and the love of reading—and is the perfect gift for those in a need of reflection, commiseration, hope, and a little extra self-care. Gaga Feminism J. Jack Halberstam, 2012-09-18 A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism Why are so many women single, so many men resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender.

What's a Cellphilm? Katie MacEntee, Casey Burkholder, Joshua Schwab-Cartas, 2016-07-27 What's a Cellphilm? explores cellphone video production for its contributions to participatory visual research. There is a rich history of integrating participants' videos into community-based research and activism. However, a reliance on camcorders and digital cameras has come under criticism for exacerbating unequal power relations between researchers and their collaborators. Using cellphones in participatory visual research suggests a new way forward by working with accessible, everyday technology and integrating existing media practices. Cellphones are everywhere these days. People use mobile technology to visually document and share their lives. This new era of democratised media practices inspired Jonathan Dockney and Keyan Tomaselli to coin the term cellphilm (cellphone + film). The term signals the coming together of different technologies on one handheld device and the emerging media culture based on people's use of cellphones to create, share, and watch media. Chapters present practical examples of cellphilm research conducted in Canada, Hong Kong, Mexico, the Netherlands and South Africa. Together these contributions consider several important methodological questions, such as: Is cellphilm a new research method or is it re-packaged participatory video? What theories inform the analysis of cellphilms? What might the significance of frequent advancements in cellphone technology be on cellphilms? How does our existing use of cellphones inform the research process and cellphilm aesthetics? What are the ethical dimensions of cellphilm use, dissemination, and archiving? These questions are taken up from interdisciplinary perspectives by established and new academic contributors from education, Indigenous studies, communication, film and media studies.
