Minor Histories Mike Kelley,2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the blazing network of focused confluences from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in voices that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. *Statements* consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including *Ajax*, which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; *Some Aesthetic High Points*, an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of creative writings that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. *Video Statements and Proposals* are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. *Image-Texts* offers writings that accompany or are part of artworks and installations. This section includes *A Stopgap Measure*, Kelley's zestful millennial essay in social satire, and *Meet John Doe*, a collage of appropriated texts. *Architecture* features an discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, *Ufology* considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

Wacky Waving Inflatable Tube Guy Conor Riordan,2018-10-02 The very first of its kind, this miniature Wacky Waving Inflatable Tube Guy is the perfect desktop companion, tiny marketing tool, or hilarious gift! Finally, the joyous dancing tube man -- who's been featured everywhere from Ricky Martin's stage to *Broad City* -- is available in a tiny, desk-friendly size. (Battery nor AC adapter included with purchase.) Please read and follow the instructions included in the box to ensure optimal performance. If using a battery: A rechargeable Ni-MH battery is recommended for best performance and is a more cost-effective alternative to a common Alkaline (single-use) battery. If using an Alkaline battery, it must be NEW and preferably a PREMIUM brand. DO NOT use a Carbon-Zinc battery (often labeled Heavy-Duty). This type of battery cannot produce enough power to operate the motor. To get the most life out of the battery, use in intervals no greater than 5 to 10 minutes. Operating in this manner will yield approximately 45 minutes of use. If your tube guy begins to get stuck in a downward position, it is time to replace the battery or recharge if using a rechargeable battery. If using an AC adapter, it must follow the below specifications: Input: AC 100-240V (50-60 Hz) Output: DC 9V (1A or 2A)

Fraidyzoo Thyra Heder,2013-11-05 It's a great day to go to the zoo As her family hustles to get out the door, Little T lags behind. She's afraid to go back to the zoo; the only trouble is, she can't remember why. As an ingenious solution to help her remember, her mom, dad, and sister construct homemade costumes and act out zoo animals--in alphabetical order, no less The costumes and scenes grow increasingly elaborate and breathtakingly creative. An umbrella and bubble wrap magically transform into a jellyfish, bath towels and a can of soda become a parrot, and many, many more. At the end of the day, Little T has conquered her fear and no longer feels like a fraidyzoo. In this charming, witty picture book debut, Thyra Heder honors the bravery it takes to face your fears, and the loving people who help you do so. Praise for *Fraidyzoo* STARRED REVIEWS WARNING: Expect riotous buffoonery after reading this clever and original alphabet story, as kids will definitely want to parrot the examples. --Kirkus Reviews, starred review Debut talent Heder comes up with a wildly imaginative idea for an alphabet book/animal guessing game, elaborates it with smartly drafted ink-and-watercolor spreads, and seasons it with plenty of family warmth and hullabaloo. --Publishers Weekly, starred review The cut-and-paste, handmade look and feel of this picture book underscores its thematic ode to creative problem solving... The charming, detailed watercolor and ink illustrations really tell the story, and children will relish poring over them to guess the animal costumes and identify their construction materials. --School Library Journal Heder tells a child-relevant story about facing your fears with a light hand and zippy prose, but it's her art that dials the zippiness up to 11, as her warm and humorously realistic figures gallivant alongside some remarkably envisioned handcrafted animal puppets. --Booklist This book does the impossible, taking one of the oldest children's book conventions, the zoo alphabet, and completely reinventing it. It's a story about a family helping one of their own overcome fear by being utterly silly and completely loving. The whole thing is done with such a confident and lively style, it's hard to believe that this is Heder's first picture book. *Fraidyzoo* is funny, original, and announces Heder as a force to be reckoned with. --The Atlantic Wire Illustrations capture the empathy of a very concerned, loving, and creative family. --Library Media Connection Award 2014 Texas 2x2 Reading Award List Notable Children's Books from ALSC 2014

Peppered Minds Om Somani,2020-02-18 *Peppered Minds* is about the journey of a young geologist, Neeraj, beginning his professional life. His imaginative mind conjures up a thesis presented on a brainstorming session for the welfare of his countrymen and the nation. The book provides an interesting insight to explain blatant problems that contribute to the lack of innovation, misconduct and all kinds of frenzy we see around today. The writing of the book is a lighthearted account of the protagonist, Neeraj, brought up in a conservative middle-class god-fearing family, who travels from

Jaipur to Hyderabad to start his professional life as a geologist. The story depicts his bitter and heartening experiences, be it meeting an astrologer, making a railway reservation, going on a rail journey from Jaipur, joining up at his new office in Hyderabad or eventually completing a successful geological expedition in the wild. Neeraj’s tryst with the various characters along his brief journey brings to light the mind set, personal traits, beliefs and culture of a vast cross section of the ordinary public that span age groups ranging from the child to the octogenarian. The book depicts several interplays of events that envelope the geologists in the office as well as in the field. One of the momentous events that overwhelms Neeraj is his meeting with the Moon and learning of the unbelievable history of human existence on earth. There are also hilarious episodes, including the one which describes the use of kerosene as the basic material for nuclear research.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
