Wolf Leslau

Introductory Grammar of Amharic Wolf Leslau, 2000

This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Coming Home to Tibet Tsering Wangmo

Dhomba, 2016-07-12 In this beautifully written memoir, a daughter travels to her mother's Tibetan homeland and finds both her own deep connections to her heritage and a people trying to maintain its cultural integrity despite Chinese occupation. After her mother dies in a car accident in India, Tsering Wangmo Dhomba decides to take a handful of her ashes back to her homeland in Tibet. Her mother left Tibet in her youth as a refugee and lived in exile the rest of her life, always yearning to return home. When the author arrives at the foothills of her mother's ancestral home in a nomadic village in East Tibet, she realizes that she had been preparing for this homecoming her whole life. Coming Home to Tibet is Dhomba's evocative tribute to her mother and a homeland that she knew little about. Dhomba's story is interlaced with poetic prose describing the land, people, and spirit of the country as experienced by a refugee seeing her country for the first time. It's an intriguing memoir and also an unusual inside view of life in contemporary Tibet, among ordinary people trying to negotiate the changes enforced on it by Chinese rule and modern society.
