*A History of Writing in Japan* Christopher Seeley,2000-04-01 This book deals chronologically with the history of writing in Japan, a subject which spans a period of 2,000 years, beginning with the transmission of writing from China in about the first or second century AD, and concluding with the use of written Japanese with computers. Topics dealt with include the adoption of Chinese writing and its subsequent adaptation in Japan, forms of writing employed in works such as the Kojiki and Man'yoshu, development of the kana syllabaries, evolution of mixed character-kana orthography, historical kana usage, the rise of literacy during the Edo period, and the main changes that have taken place in written Japanese in the modern period (ca. 1868 onwards). This is the first full-length work in a European language to provide the Western reader with an overall account of the subject concerned, based on extensive examination of both primary and secondary materials.

*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer

officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Alone Cyn Balog,2017-11-07 This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls A bloody, wonderfully creepy scare ride. When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

*When Gravity Fails* George Alec Effinger, 2014-04-01 In a futuristic Middle East, plug-ins can turn anyone into a killer in this “wry and black and savage” Nebula and Hugo award finalist (George R. R. Martin). Set in a high-tech near future featuring an ascendant Muslim world and divided Western superpowers, this cult classic takes us into a world with mind- or mood-altering drugs for any purpose, brains enhanced by electronic hardware with plug-in memory additions and modules offering the wearer new personalities, and bodies shaped to perfection by surgery. Marid Audran, an unmodified and fairly honest street hustler, lives in a decadent Arab ghetto, the Budayeen, and holds on tight to his cherished independence. Then, against his best instincts, he becomes involved in a series of inexplicable murders. Some seem like routine assassinations, carried out with an old-fashioned handgun by a man wearing a plug-in James Bond persona; others, involving whores, feature prolonged torture and horrible mutilations. Soon the problem comes to the attention of Budayeen godfather Friedlander Bey—who makes Audran an offer he can't refuse. Nominated for the Nebula and Hugo awards, the highest honors in the genre, *When Gravity Fails*, which introduced the cyberpunk Budayeen Cycle, is a pioneering work the *Denver Post* called “superior science fiction” and Harlan Ellison described as “crazy as a spider on ice skates . . . plain old terrific.”

*Anima Beyond Fantasy* Carlos B. Garcia Aparicio, 2008 Explore the world of Gaia, meet some of its most famous inhabitants, and be introduced to three unique, original, and exciting games each set beyond fantasy in the world of Anima! Conceived as a combination of Japanese and Western art, myth, and styles of play, Anima is a series of games that offer innovative rules and background that incorporate the most striking elements of both styles. Several great Japanese illustrators, whose work has appeared in well-known videogames and animated series, have collaborated on the project

together with European authors. The result is a refreshing visual blend that will please even the most discriminating gamer.

I Will Survive Gloria Gaynor,2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

**The Gentle Weapon** ,2011-12-01 “Life makes warriors of us all. To emerge the victors, we must arm ourselves with the most potent of weapons. That weapon is prayer.” –Rebbe Nachman of Breslov The “gentle weapon” of prayer can ease the soul and strengthen the heart, while bringing us closer to God and to a deeper understanding of ourselves. Two hundred years after he lived, the warm insights and generous wisdom of Rebbe Nachman of Breslov (1772–1810) continue to be a source of comfort for those in search of an uplifting perspective on life. –Rebbe Nachman of Breslov (1772–1810) A “little treasure” of prayers that will open your heart and soul and give voice to your deepest yearnings. Using the startling wisdom of Rebbe Nachman of Breslov, written two hundred years ago, The Gentle Weapon will help you talk with God and enable you to hear your own voice as well. This spiritual gem makes a loving gift to friends, family, or to ourselves when words of comfort are what’s needed the most.

**My Amazing Human Body** Dorling Kindersley,1998-10 Children learn about the human body as they take their zany guide, Seemore Skinless, through a busy day to find out how the body copes with hunger, thirst and tiredness. The CD-ROM analyzes body systems, bones and organs and answers children's common questions about their bodies.

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.
