DIY Satellite Platforms Sandy Antunes,2012 Can any hobbyist build a satellite? Our DIY guide steps you through designing and building a base picosatellite platform tough enough to withstand launch and survive in orbit. If you have basic maker skills, you can build a space-ready solar-powered computer-controlled assembly suitable for attaching instruments and rocketing into space.

Dangling Propositions Billy Sledge,2017-12-11 ...blest are those/Whose blood and judgment are so well commingled/That they are not a pipe for Fortune's finger/To sound what stop she please. (Hamlet III, 2) I can imagine these Shakespearean lines occurring to my character Nebo Rhombus, confronted with obeying the mysterious will of the plasmamorph In Instrument, one of three stories comprising Dangling Propositions. A force of life from Earth's atmosphere has revealed itself to Rhombus, an image consultant/promoter. It is determined to employ him to somehow lead humankind from a world-threatening course, before that course is cataclysmically corrected. A matter of course is also plotted in *The Superstoic*, though on an individual scale. Whether ultra-reticent library worker Zharko Solovich is willing, he is held to account for his right to be silent in an alternate world where no such right exists. For compulsive mimic Bogustin Guisermann, who hides himself mirroring others, being unintentionally gifted with the ability to blind people to his presence, as a result of thought-projection experiments, may be the refuge from the judging sight of the world he's sought. In *Not to Behold*, to be perceived, not to be perceived, seems the question.

The Starlight Calliope Andrew Hussie,2012-12 Details the

adventures of Whistles, a clown in the Starlight Calliope circus, who retains his innocence and optimism even as he is forced to flee after being exposed to the corrupt underworld of the circus.

This Is Complete Bullshit Andrew Hussie,2010-11-01

Sun Bread Elisa Kleven,2004-03-30 Winter's gray chill has set in and everyone misses the sun-especially the baker. So she decides to bring some warmth to the town by making sun bread. And as the bread bakes, rising hot and delicious, everyone comes out to share in its goodness. Everyone, including the sun itself. With a lilting, rhyming text, colorful illustrations, and a recipe for baking your own sun bread, this tasty treat from the illustrator of the best-selling *Abuela* is just right for all ages to enjoy.
