Ghachar Ghochar Vivek Shanbhag,2017-02-07 ONE OF THE NEW YORK TIMES CRITICS' TOP BOOKS OF 2017 ONE OF VULTURE'S 100 BEST BOOKS OF THE 21ST CENTURY FINALIST FOR THE L.A. TIMES BOOK PRIZE IN FICTION “A modern classic.” —The New York Times Book Review A young man's close-knit family is nearly destitute when his uncle founds a successful spice company, changing their fortunes overnight. As they move from a cramped, ant-infested shack to a larger house on the other side of Bangalore, and try to adjust to a new way of life, the family dynamic begins to shift. Allegiances realign; marriages are arranged and begin to falter; and conflict brews ominously in the background. Things become “ghachar ghochar”—a nonsense phrase uttered by one meaning something tangled beyond repair, a knot that can't be untied. Elegantly written and punctuated by moments of unexpected warmth and humor, Ghachar Ghochar is a quietly enthralling, deeply unsettling novel about the shifting meanings—and consequences—of financial gain in contemporary India. “A classic tale of wealth and moral ruin.” —The New Yorker “Ghachar Ghochar introduces us to a master.” —The Paris Review Named a Best Book of the Year by the Guardian, Globe and Mail, and Publishers Weekly Shortlisted for the ALTA National Translation Award in Prose Longlisted for the International Dublin Literary Award

An Introduction to Critical Discourse Analysis in Education Rebecca Rogers,2011-04-06 Accessible yet theoretically rich, this landmark text introduces key concepts and issues in critical discourse

analysis and situates these within the field of educational research. The book invites readers to consider the theories and methods of three major traditions in critical discourse studies – discourse analysis, critical discourse analysis, and multimodal discourse analysis -- through the empirical work of leading scholars in the field. Beyond providing a useful overview, it contextualizes CDA in a wide range of learning environments and identifies how CDA can shed new insights on learning and social change. Detailed analytic procedures are included – to demystify the process of conducting CDA, to invite conversations about issues of trustworthiness of interpretations and their value to educational contexts, and to encourage researchers to build on the scholarship in critical discourse studies. This edition features a new structure; a touchstone chapter in each section by a recognized expert (Gee, Fairclough, Kress); and a stronger international focus on both theories and methods. NEW! Companion Website with Chapter Extensions; Interviews; Bibliographies; and Resources for Teaching Critical Discourse Analysis.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Bond Wayne Pacelle, 2012-04-03 In countless fascinating ways, our relationship with animals is an essential part of the human experience. Now, one of the world's leading champions of animal welfare offers a dramatic examination of our age-old bond to all creatures. Wayne Pacelle explores the many ways animals contribute to our happiness and well-being, and he reveals scientists' newfound understanding of their remarkable emotional and cognitive capacities.
