How to Make Adorable Baby Animal Dolls Jonni Good,2013-06 In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have its own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy stitches. Adorable!

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Notes from the Hyena's Belly Nega Mezlekia,2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga,

Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Because Claudette Tracey Baptiste,2022-02-01 From NYT bestselling author Tracey Baptiste comes a singular picture book that is both a biography about Claudette Colvin, the teen whose activism launched the Montgomery bus boycott, and a celebration of collective action. When fifteen-year-old Claudette Colvin boarded a segregated bus on March 2, 1955, she had no idea she was about to make history. At school she was learning about abolitionists like Harriet Tubman and Sojourner Truth, which helped inspire her decision to refuse to give up her seat to a white woman, which led to her arrest, which began a crucial chain of events: Rosa Park's sit-in nine months later, the organization of the Montgomery bus boycott by activists like Professor Jo Ann Robinson and Dr. Martin Luther King Jr., and the Supreme Court decision that Alabama's bus segregation was unconstitutional—a major triumph for the civil rights movement. Because of Claudette's brave stand against injustice, history was transformed. Now it's time for young readers to learn about this living legend, her pivotal role in the civil rights movement, and the power of one person reaching out to another in the fight for change.
