Samuel Edward Konkin, III

Once Upon A Time Kalinda Vazquez, Corinna Bechko, 2015-04-01

Once Upon a Time Red's Untold Tale Wendy Toliver, 2018-05-08 Red has a constant internal battle between her wild side and her strict, overprotective upbringing, and the issue of control as she discovers she has a hot temper when the mean girls push her too far. (When we learn to control it, we needn't fear it, Rumpelstiltskin says in the series.) She has flashbacks to her 13th year when she received her cloak and the nickname Red. Plagued by nightmares she doesn't understand and a temper she can't control, Red struggles to save Granny's troubled business and to nurture her budding romance with Peter, even as the betrayal of her classmates awakens the wolf within.

Fairest of All: A Tale of the Wicked Queen Disney Books, Serena Valentino, 2012-02-14 Why exactly is the wicked Queen so nasty, particularly to Snow White? Perhaps it has something to do with the creepy-looking man in the magic mirror who's not just some random spooky visage...

The Gods Trilogy Terry Pratchett, 2000 The Discworld is, as everyone knows, and no one should now need to be told, flat. It rides through space on the back of four elephants* which, in turn, are standing on the shell of an enormous turtle. But just because it is being borne through space on the back of a turtle, doesn't mean it doesn't need gods . . . The Gods Trilogy is a bumper volume containing the complete text of three of Terry Pratchett's celebrated novels: SMALL GODS Brutha is the Chosen One. His god has spoken to him, admittedly while currently in the shape of a tortoise; and Brutha now has a mission. PYRAMIDS It isn't easy, being a teenage pharaoh: you're not allowed to carry money; uninhibited young women peel grapes for you and the Great Pyramid has just exploded because of paracosmic instability . . . HOGFATHER It's the night before Hogswatch . . . and it's too quiet. There's snow, there're robins, there're trees covered with decorations, but there's a notable lack of the big fat man who delivers the toys . . . He's gone. *There used to be five, but that's another story entirely

An Agorist Primer Samuel Edward Konkin, III, 2009-11 In the new paperback edition of AN AGORIST PRIMER, Samuel Edward Konkin III -- the creator and premier activist and theoretician of Agorism -- introduces the most powerful means to free yourself, protect and increase your wealth, and liberate the

whole of human society in the process! Agorism is applied Counter-Economics - the philosophy of engaging in free-market activities in defiance of government control. An evolution of libertarianism, Agorism embraces all non-coercive human action and opposes all force- or fraud-based attempts to stifle innovation, trade, thought, and wealth. If you have ever suspected that government, academia, and other entities are trying to pull the wool over your eyes in order to control your money, your morality, and your life, you'll find answers and remedies in AN AGORIST PRIMER. In one concise volume, Samuel Edward Konkin III explains the theory, principles, and -- most important of all -- the practice of Agorism. If you think that consistency between means and ends matters, this is the book for you! From the preface: Agorism is a way of thinking about the world around you, a method of understanding why things work the way they do, how they do, and how they can be dealt with -- how you can deal with them. Samuel Edward Konkin III is the author of the seminal work on libertarianism and Agorism: New Libertarian Manifesto. Over the course of thirty years, he wrote, edited, and published newsletters and magazines such as Laissez Faire, New Libertarian Notes, and 101 issues of the longest-running publication of its kind, New Libertarian Weekly. Known to his friends as SEK3, Mr. Konkin graduated cum laude from the University of Alberta, serving as head of the Young Social Credit League there. He received his Masters in Theoretical Chemistry at New York University, but left NYU without submitting his Ph.D. dissertation in Quantum Mechanics to pursue his lifelong efforts to promote Counter-Economics and Agorism. He founded the New Libertarian Alliance, the Movement of the Libertarian Left, and the outreach organization The Agorist Institute. His body of work is available from KoPubCo. PRAISE FOR AN AGORIST PRIMER: A lot of us have waited two decades for the release of this slender tome... Clocking in at just over 100 pages, An Agorist Primer offers not only a simple-but-thorough explanation of what agorism is, it also builds a rock-solid case for it... But trust me, Konkin's well-structured argument for a free society of the open marketplace (as near to untainted by theft, assault, and fraud as can be humanly attained) is compelling. And he shows convincingly that such a society is absolutely achievable and sustainable. Sam's book truly is a primer; he strips down heavy-duty economic theory and libertarian philosophy without diminishing either of them. An Agorist Primer may be a quick walk through the basics, but it never shortchanges the reader. And best of all, it's awfully entertaining. --Wally Conger, Out of Step

Jaunten Honor Raconteur, 2018-08-28 There was a time when magic was welcome in the country of Chahir, but that was nearly two centuries ago. Now, all forms of magic are strictly forbidden. Anyone caught using magic, or possessing magical abilities, are immediately imprisoned and executed. For Garth, that policy is a problem. As Garth approaches his sixteenth birthday, he realizes that he definitely has magical abilities. What's worse, he has no control over them. In order to stay alive, he only has one choice--he must leave his homeland, Chahir, and flee into the neighboring country, Hain. The journey isn't an easy one; he still has to make it out of Chahir without alerting anyone as to his abilities. What Garth doesn't know is that getting to Hain, and the Academy for All Magic, is going to be the easy part. Garth goes into Hain for one reason only; he wants training for his out-of-control magical powers. So how does he become a member of an exclusive magical clan known as the Jaunten; adopted by a magically enhanced colt; best friends with

a gifted Witch; and foster brother of a four year old Mage? Let's just say he has a gift for finding trouble.

Ink Mage Victor Gischler,2014 In the first installment of the A Fire Beneath the Skin trilogy, the city of Klaar has never fallen. No enemy has ever made it across the Long Bridge or penetrated the city's mighty walls. Even when a powerful invading army shows up at the gates, the duke and his daughter, Rina Veraiin, are certain that it poses little threat. But they are cruelly betrayed from within and, in a horrific spasm of violence, the city is brought to its knees. With the help of her bodyguard, Kork, the battle-trained young Rina narrowly escapes the slaughter and makes her way to the lair of an ancient sorcerer--the Ink Mage--who gifts her with a strange, beautiful set of magical tattoos. Now a duchess in exile, Rina sets out on a quest to reclaim what is rightfully hers, aided by a motley assortment of followers who will help her in her cause--some for noble reasons and others for their own dark purposes. With the enemy's agents nipping at her heels, Rina must learn to harness her new and startling magical powers if she is to assert her rightful place as ruler of Klaar.
