The Tale of Genji Melissa McCormick, 2018-11-06 Written in the eleventh century by the Japanese noblewoman Murasaki Shikibu, *The Tale of Genji* is a masterpiece of prose and poetry that is widely considered the world's first novel. Melissa McCormick provides a unique companion to Murasaki's tale that combines discussions of all fifty-four of its chapters with paintings and calligraphy from the *Genji Album* (1510) in the Harvard Art Museums, the oldest dated set of *Genji* illustrations known to exist. In this book, the album's colorful painting and calligraphy leaves are fully reproduced for the first time, followed by McCormick's insightful essays that analyze the *Genji* story and the album's unique combinations of word and image. This stunning compendium also includes English translations and Japanese transcriptions of the album's calligraphy, enabling a holistic experience of the work for readers today. In an introduction to the volume, McCormick tells the fascinating stories of the individuals who created the *Genji Album* in the sixteenth century, from the famous court painter who executed the paintings and the aristocrats who brushed the calligraphy to the work's warrior patrons

and the poet-scholars who acted as their intermediaries. Beautifully illustrated, this book serves as an invaluable guide for readers interested in The Tale of Genji, Japanese literature, and the captivating visual world of Japan's most celebrated work of fiction.

Coming Home to Tibet Tsering Wangmo Dhompa, 2016-07-12 In this beautifully written memoir, a daughter travels to her mother's Tibetan homeland and finds both her own deep connections to her

heritage and a people trying to maintain its cultural integrity despite Chinese occupation. After her mother dies in a car accident in India, Tsering Wangmo Dhompa decides to take a handful of her ashes back to her homeland in Tibet. Her mother left Tibet in her youth as a refugee and lived in exile the rest of her life, always yearning to return home. When the author arrives at the foothills of her mother's ancestral home in a nomadic village in East Tibet, she realizes that she had been preparing for this homecoming her whole life. *Coming Home to Tibet* is Dhompa's evocative tribute to her mother and a homeland that she knew little about. Dhompa's story is interlaced with poetic prose describing the land, people, and spirit of the country as experienced by a refugee seeing her country for the first time. It's an intriguing memoir and also an unusual inside view of life in contemporary Tibet, among ordinary people trying to negotiate the changes enforced on it by Chinese rule and modern society.

Breaking the Ocean Annahid Dashtgard, 2019-08-20 In *Breaking the Ocean*, diversity and inclusion

specialist Annahid Dashtgard addresses the long-term impacts of exile, immigration, and racism by offering a vulnerable, deeply personal account of her life and work. Annahid Dashtgard was born into a supportive mixed-race family in 1970s Iran. Then came the 1979 Revolution, which ushered in a powerful and orthodox religious regime. Her family was forced to flee their homeland, immigrating to a small town in Alberta, Canada. As a young girl, Dashtgard was bullied, shunned, and ostracized both by her peers at school and adults in the community. Home offered little respite, with her parents embroiled in their own struggles, exposing the sharp contrasts between her British mother and Persian father. Determined to break free from her past, Dashtgard created a new identity for herself as a driven young woman who found strength through political activism, eventually becoming a leader in the anti-corporate globalization movement of the late 1990s. But her unhealed trauma was re-activated following the 9/11 terrorist attacks. Suffering burnout, Dashtgard checked out of her life and took the first steps towards personal healing, a journey that continues to this day. *Breaking the Ocean* introduces a unique perspective on how racism and systemic discrimination result in emotional scarring

and ongoing PTSD. It is a wake-up call to acknowledge our differences, addressing the universal questions of what it means to belong and ultimately what is required to create change in ourselves and in society.

The Japanese Community in Brazil, 1908 - 1940 S. Lone, 2001-10-31 On the eve of the Pacific

war (1941-45), there were 198,000 Japanese in Brazil, the largest expatriate body outside East Asia. Yet the origins of this community have been obscured. The English-language library is threadbare while Japanese scholars routinely insist that life outside of Japan was filled with shock and hardship so that, as one historian asserted, 'their bodies were in Brazil but their minds were always in Japan'. This study redraws the world of the overseas Japanese. Using the Japanese-language press of Brazil, it explains the development of a community with its own, often aggressively independent or ironic views of identity, institutions, education, leisure, and on Japan itself. Emphasising the success of Japanese migrants and the openness of Brazilian society, it challenges the perceived wisdom that contact between Japanese and other peoples was always marked by hostility and racism.

Japanese Screens in Miniature ,2012-08-28 Japanese Screens in Miniature is a collection of six of Japan's masterpieces reproduced as actual miniature screens, with an introduction to this most colorful, exuberant, and decorative aspects of the Golden Age of Japanese art. The development of the Japanese screen as an art form in the Momoyama period (1575-1615) presents a fascinating

example of the converging influences of art traditions, history, politics, religion, and architecture.

Global Japan Roger Goodman, Ceri Peach, Ayumi Takenaka, Paul White, 2005-06-27 The Japanese have long regarded themselves as a homogenous nation, clearly separate from other nations. However, this long-standing view is being undermined by the present international reality of increased global population movement. This has resulted in the establishment both of significant Japanese communities outside Japan, and of large non-Japanese minorities within Japan, and has forced the Japanese to re-conceptualise their nationality in new and more flexible ways. This work provides a comprehensive overview of these issues and examines the context of immigration to and emigration from Japan. It considers the development of important Japanese overseas communities in six major cities worldwide, the experiences of immigrant communities in Japan, as well as assessing the consequences for the Japanese people's view of themselves as a nation.

Farewell to Nippon Machiko Satō, 2001 This study presents an ethnographic account of a fresh breed of emigrants who have left Japan to settle in Australia in pursuit of a better quality of life. They

differ from economic migrants who went overseas before the 1970s for economic reasons but represent new types of lifestyle migrants who seek to enjoy a more easygoing, carefree life abroad. Based on some 200 interviews, the study attempts to portray the participants' joy and sorrow, felicity and frustration as seen through their own eyes and expressed with their own words and phrases. The Japanese version of the book won the Asia-Pacific Publication Award in 1995.

Globalizing Japan Harumi Befu, Sylvie Guichard-Anguis, 2003-09-02 Globalizing Japan explores the social and cultural dimensions of Japan's global presence. Japan's expansion and presence as an economic giant is witnessed on an everyday basis. Both consciously and unconsciously, we regularly come into contact with Japan's industrial and cultural globalization, from cameras and automobiles to judo, cuisine or animation. Japan's presence in the popular imagination is heavily influenced both by the country's historical past and its global present. This book will appeal to students and scholars of Japanese Studies, Anthropology and Cultural Studies.
