With his porcelain skin, golden eyes, mesmerizing voice, and supernatural gifts, Edward is both irresistible and impenetrable. **Water+Ink Coloring Book Winter 2020** Kim Winberry, 2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls and other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my

liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Border Cantos** ,2016 [Richard Misrach] saw the border, [Guillermo Galindo] heard it, and by coming together across that line of artistic practice, they've now created these 'border cantos.' Misrach has been using the canto literary structure, borrowed from Dante and Ezra Pound, as a way of organizing his long-term photographic project, Desert cantos (1979 to

present). But here the canto also moves off the page and into sound, opening up into Galindo's practice. In Italian, canto means 'song'; in Spanish, 'singing' and 'chant.' In this sense, all cantos are part eye and part ear, able to be seen and heard at once.--Page 10.

**The Reconstructionist** Josephine Hart, 2003 Coolly and compellingly narrated by a man dedicated to the examination of other people's pasts and the reconstruction of their lives, this is a brilliant, dark and gripping new novel that surpasses even Hart's masterpiece, *Damage*. A psychiatrist, Jack is divorced. His own past and that of his beautiful, enigmatic sister Kate certainly bear scrutiny. Then he gets a phone call telling him that their family house in Ireland is for sale - and when he finally returns to the house, terrible truths emerge about what happened there years ago in a family tragedy that left indelible marks on those who survived it. The facts have been reconstructed many times, but the shocking truth has not.
