Stay Hungry Sebastian Maniscalco,2018-02-27 From comedian and actor Sebastian Maniscalco—star of the film *About My Father* with Robert DeNiro—an inspiring, honest, uproarious collection of essays tracing his career from playing boxing rings and bowling alleys to reaching the pinnacles of comedy success. At twenty-four, Sebastian Maniscalco arrived in LA with a suitcase and saved up minimum wages. He knew no one and nothing about standup comedy, but he was determined to go for it anyway. Two decades later, he's on the Forbes' list of highest earning comedians, selling out arenas, and starring in numerous hit comedy specials including *Why Would You Do That?* and *Is It Me?*. *Stay Hungry* tells the story of the twenty years in between. On the way from clueless rube to standup superstar, Seb was booed off stages; survived on tips and stolen food; got advice from mentors Andrew Dice Clay, Vince Vaughn, Tony Danza, and Jerry Seinfeld; fell in love; and stayed true to his Italian-immigrant roots. The one code that always kept him going: stay hungry, keep focused, never give up, and one day, you'll make it.

It is comedy from the soul instead of the head. It is about Ego-less comedy. Don't Act. Be. You don't do standup comedy; it does you.

From Angels to Aliens Lynn Schofield Clark,2005-10-27 Harry Potter, Buffy the Vampire Slayer, and the Left Behind series are but the latest manifestations of American teenagers' longstanding fascination with the supernatural and the paranormal. In this groundbreaking book, Lynn Schofield Clark explores the implications of this fascination for contemporary religious and spiritual practices. Relying on stories gleaned from more than 250 in-depth interviews with teens and their families, Clark seeks to discover what today's teens really believe and why. She finds that as adherence to formal religious bodies declines, interest in alternative spiritualities as well as belief in superstition grow accordingly. Ironically, she argues, fundamentalist Christian alarmism about the forces of evil has also fed belief in a wider array of supernatural entities. Resisting the claim that the media brainwash teens, Clark argues that today's popular stories of demons, hell, and the afterlife actually have their roots in the U.S.'s religious heritage. She considers why some young people are nervous about supernatural stories in the media, while others comfortably and often unselfconsciously blur the boundaries between those stories of the realm beyond that belong to traditional religion and those offered by the entertainment media. At a time of increased religious pluralism and declining participation in formal religious institutions, Clark says, we must completely reexamine what young people mean--and what they may believe--when they identify themselves as spiritual or religious. Offering provocative insights into how the entertainment media shape contemporary religious ideas and practices, *From Angels to Aliens* paints a surprising--and perhaps alarming--portrait of the spiritual state of America's youth.

The Day the Lies Began Kylie Kaden,2019-08-19 'It seemed simple at first - folding one lie over the next. She had become expert at feathering over the cracks to ensure her life appeared the same. But inside, it didn't feel fixed.' It happened the day of the Moon Festival. It could have been left behind, they all could have moved on with their lives. But secrets have a habit of rising to the surface, especially in small towns. Two couples, four ironclad friendships, the perfect coastal holiday town. With salt-stung houses perched like lifeguards overlooking the shore, Lago Point is the scene of postcards, not crime scenes. Wife and mother Abbi, town cop Blake, schoolteacher Hannah and local doctor Will are caught in their own tangled webs of deceit. When the truth washes in to their beachside community, so do the judgements: victim, or vigilante, who will forgive, who will betray? Not all relationships survive. Nor do all residents.
