Battle for Budapest Krisztián Ungváry,2011-08-30 This title is presented with a new foreword by Istvan Deak. The battle of Budapest in the bleak winter of 1944-45 was one of the longest and bloodiest city sieges of World War II. From the appearance of the first Soviet tanks on the outskirts of the capital to the capture of Buda Castle, 102 days elapsed. In terms of human trauma, it comes second only to Stalingrad, comparisons to which were even being made by soldiers, both German and Soviet, fighting at the time. This definitive history covers their experiences, and those of the 800,000 non-combatants around whom the battle raged.

War on the Eastern Front James Lucas,2014-10-30 This classic WWII history presents a comprehensive yet vividly detailed account of the Third Reich's epic and bitter clash with the Red Army. The opening onslaughts of Operation Barbarossa began on June 22nd, 1941, as German forces stormed into the Soviet Union. Few of them were to survive the five long years of bitter struggle. A posting to the Eastern Front during the Second World War was rightly regarded with dread by the German soldiers. They faced the unrelenting hostility of the climate, the people and even, at times, their own leadership. There were epic conflicts, such as the battles of Stalingrad and Kursk. But surrounding these famous events was a daily war of attrition which ultimately ground Hitler's war machine to a halt. In this classic account, military historian James Lucas examines the Eastern Front from trench warfare to a bicycle-mounted antitank unit fighting against the oncoming Russian hordes. Told through the experiences of the German soldiers who endured these nightmarish years of warfare, War on the Eastern Front is a unique record of this cataclysmic campaign.
