Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

China Shakes The World James Kynge,2010-12-30
Authoritative and fully up-to-date account by leading China expert on China's economic rise and how it will affect the world The new China, the nation that in 25 years has changed beyond all recognition is becoming an industrial powerhouse for the world. James Kynge shows not only the extraordinary rise of the Chinese economy, but what the future holds as China begins to influence the world. On the eve of the British industrial revolution some 230 years ago, China accounted for one third of the global economy. In 1979, after 30 years of Communism, its economy contributed only two per cent to global GDP. Now it is back up to five per cent, and rising. Although China is already a palpable force in the world, its re-emergence is only just starting to be felt. Kynge shows China's weaknesses - its environmental pollution, its crisis in social trust, its weak financial system and the faltering institutions of its governments - which are poised to have disruptive effects on the world. The fall-out from any failure in China's rush to modernity or simply from a temporary economic crash in the Chinese economy would be felt around the world.

Good Girls Lie J.T. Ellison,2019-12-30 J.T. Ellison's pulse-pounding new psychological thriller examines the tenuous bonds of friendship, the power of lies and the desperate lengths people will go to in order to protect their secrets. Goode girls don't lie... Perched atop a hill in the tiny town of Marchburg, Virginia, The Goode School is a prestigious prep school known as a Silent Ivy. The boarding school of choice for daughters of the rich and influential, it accepts only the best and the brightest. Its elite status, long-held traditions and honor code are ideal for preparing exceptional young women for brilliant futures at Ivy League universities and beyond. But a stranger has come to Goode, and this ivy has

turned poisonous. In a world where appearances are everything, as long as students pretend to follow the rules, no one questions the cruelties of the secret societies or the dubious behavior of the privileged young women who expect to get away with murder. When a popular student is found dead, the truth cannot be ignored. Rumors suggest she was struggling with a secret that drove her to suicide. But look closely...because there are truths and there are lies, and then there is everything that really happened. Don't miss It's One of Us, the next page-turning thriller from New York Times bestselling author J.T. Ellison!

Spitfire M. L. Huie, 2020-01-07 A “gritty and glamorous” debut historical mystery set in post-war Paris and London—for fans of Susan Elia MacNeal’s Maggie Hope series and Kate Quinn’s *The Alice Network* (Julia Kelly, author of *The Light Over London*) In the wake of World War II, former Resistance spy Livy Nash is called back to the high-stakes world of espionage and intrigue—by none other than James Bond creator Ian Fleming How far would you go for vengeance? It’s V-E Day 1946 in London. World War II is long over, and former spy Livy Nash is celebrating with her third drink before noon. She went to war to kill Nazis. Dropped behind enemy lines as a courier, she quickly became one of the toughest agents in France. But her war ended with betrayal and the execution of the man she loved. Now, Livy spends her days proofreading a demeaning advice column for little ladies at home, and her nights alone with black market vodka. But everything changes when she meets the infamous Ian Fleming. The man who will create the world’s most sophisticated secret agent has an agenda of his own and sends Livy back to France with one task: track down the traitor who killed the only man she ever loved. Livy jumps at the chance, heading back to Paris undercover as a journalist. But the City of Lights is teeming with spies, and Livy quickly learns just how much the game has changed. With enemies on every corner and ever-shifting alliances, she’ll have to learn to fight a new war if she wants to conquer the past once and for all.
