Post Memes Daniel Bristow, Alfie Bown, 2019 Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, lololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticals alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES: SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. Bank 2.0 Brett King,2010 The financial crisis is just beginning for retail institutions. Ninety to ninety-five per cent of bank transactions are executed electronically today. The Internet, ATMs, call centres and smartphones have become mainstream for customers. But banks still classify these as alternative channels and maintain an organisation structure where Branch dominates thinking. Continued technology innovations, Web 2.0, social networking, app phones and mobility are also stretching traditional banking models to the limit. BANK 2.0 reveals why customer behaviour is so rapidly changing, how branches will evolve, why cheques are disappearing, and why your mobile phone will replace your wallet all within the next 10 years.

Human Communication Sherwyn P. Morreale,Brian H. Spitzberg,J. Kevin Barge,2001 This book offers a unique and unified approach to competence and the basic processes of human communication backed by skill assessment. Beginning with the premise that all forms of communication have the potential to be viewed as competent depending on the context or situation, the text helps readers develop a framework for choosing among communication messages that will allow them to act competently. The theoretically-based and skills-oriented framework emphasizes the basic themes of motivation, knowledge and skills across interpersonal communication, electronically mediated communication, small group communication, and public speaking.

How Communities Build Stronger Schools A. Dodd,J. Konzal,2016-03-05 If it takes a village to raise a child, Anne Wescott Dodd and Jean L. Konzal feel that it takes a community to make a school. Not content with the idea of a school being contained within four walls and existing only for a few hours every day, Dodd and Konzal know that a school which looks after the complete child exists far beyond its four walls and for the whole 24 hours in each day. They present a radical democratic vision of the public school where everyone not just students, teachers and parents plays a part in shaping our children and, consequently, our future.

With or Without You Caroline Leavitt, 2020-08-04 “Leavitt has crafted an irresistible portrait of midlife ennui and the magic of breaking free.”

—People “With or Without You is a moving novel about twists of fate, the shifting terrain of love, and coming into your own. With tenderness and incisive insight, Leavitt spotlights a woman's unexpected journey towards her art.” —Madeline Miller, author of *Circe* A Best Book of the Month: Bustle *

PopSugar New York Times bestselling author Caroline Leavitt writes novels that expertly explore the struggles and conflicts that people face in their search for happiness. For the characters in *With or Without You*, it seems at first that such happiness can come only at someone else's expense. Stella is a nurse who has long suppressed her own needs and desires to nurture the dreams of her partner, Simon, the bass player for a rock band that has started to lose its edge. But when Stella gets unexpectedly ill and falls into a coma just as Simon is preparing to fly with his band to Los Angeles for a gig that could revive his career, Simon must learn the meaning of sacrifice, while Stella's best friend, Libby, a doctor who treats Stella, must also make a difficult choice as the coma wears on. When Stella at last awakes from her two-month sleep, she emerges into a striking new reality where Simon and Libby have formed an intense bond, and where she discovers that she has acquired a startling artistic talent of her own: the ability to draw portraits of people in which she captures their innermost feelings and desires. Stella's whole identity, but also her role in her relationships, has been scrambled, and she has the chance to form a new life, one she hadn't even realized she wanted. A story of love, loyalty, loss, and resilience, *With or Without You* is a page-turner that asks the question, What do we owe the other people in our lives, and when does the cost become too great?

Barbarians Led by Bill Gates: Microsoft From The Inside Jennifer Edstrom, Marlin Eller, 1999-06-30 Teamed with the daughter of one of Bill Gates's closest associates, thirteen-year Microsoft veteran Marlin Eller illuminates every step along Gates's route to world domination and to Microsoft's current headline-making federal antitrust case, making all that's been written before seem like a rough guess. Revealing the smoke-and-mirror deals, the launching of products that didn't exist, and the boneyard of once-thriving competitors targeted by the Gates juggernaut, this book demonstrates with often hilariously damning detail the Microsoft muddle that passes for strategic direction, offset by Gates's uncanny ability to come from behind to crush whoever is winning. Edstrom and Eller's unrivaled access to key players and their ability to get them to tell the real story makes for a rollicking roller-coaster ride of narrative journalism.

Buyology Martin Lindstrom, 2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads,

commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today’s consumer that will captivate anyone who’s been seduced—or turned off—by marketers’ relentless attempts to win our loyalty, our money, and our minds.

□□□□ Teresa Canepa, Katharine Butler, 2021 This book celebrates the most important collection of 17th-century Chinese porcelain in the world, assembled by the distinguished British diplomat Sir Michael Butler. His passion for porcelain is clearly reflected in the over eight hundred pieces he collected and lived with at his home and private museum in Dorset. The pots (as Sir Michael called them), many of extreme rarity or exquisite quality, give testimony to the incredible depth of knowledge he acquired over five decades and his outstanding contribution to research and education in this previously neglected field of study. This lavish and comprehensive collection covers most types of porcelain produced at Jingdezhen, in Jiangxi province, during the 17th century. The variety of the pieces carefully acquired by Sir Michael reflects the great innovative spirit of the highly skilled Jingdezhen potters and painters at a time when they were released from the controls of Imperial patronage, between the end of the reign of the Ming Emperor Wanli in 1620 and the re-establishment of the Imperial kilns by the Qing Emperor Kangxi in 1683. It is a study collection of porcelain unrivalled in its breadth and rarity that demonstrates the stylistic and qualitative evolution which occurred in Chinese porcelain production during the 17th century. An introduction written by Katharine Butler tells the fascinating story of the circumstances that encouraged her father to acquire, collect and passionately

study Chinese porcelain of the 17th century; how he found rare pieces with dates, interesting inscriptions, seal marks or narrative scenes; and how the collection and his scholarly publications came to be internationally renowned. The core of the book is composed of nine sections presenting the main categories of porcelains in the collection: Late Ming, High Transitional, Shunzhi, Early Kangxi, Mid-Late Kangxi, Monochromes and Famille Verte, as well as disputed pieces. Some of the highlights are the extremely rare High Transitional pieces painted only in overglaze enamels dating to the Chongzhen reign, c.1640-43; the first piece acquired by Sir Michael, a green enamel winepot, dating to the early Kangxi reign, c.1665-70; a group of rare dated Zhonghe Tang pieces painted in underglaze blue and red, and an early Kangxi basin finely painted in underglaze blue and red with a Master of the Rocks landscape, dating to c.1670-75. Leaping the Dragon Gate refers to the symbolic metamorphosis from a humble carp to a mighty dragon - the most powerful of the Four Divine Creatures - that a student would undergo on succeeding in the Jinshi or Imperial civil service examinations. Passing these examinations required years, sometimes decades, of enormous effort to acquire the requisite educational merit and success was very rare. It is a worthy metaphor for Sir Michael's scholarly achievement. This 384-page book with over 600 colour illustrations is a catalogue raisonné of almost his entire 17th century porcelain collection, including many previously unpublished pieces. In the spirit of keeping the family legacy of acquisition and scholarship alive, the authors have included a few important, recently purchased pieces and also have revised and expanded the list of all known dated pieces of 17th Century Chinese porcelain in the world that Sir Michael compiled in his 1992 USA exhibition catalogue.
