**Sound States** Adalaide Morris, 2018-06-15 By investigating the relationship between acoustical technologies and twentieth-century experimental poetics, this collection, with an accompanying compact disc, aims to 'turn up the volume' on printed works and rethink the way we read, hear, and talk about literary texts composed after telephones, phonographs, radios, loudspeakers, microphones, and tape recorders became facts of everyday life. The collection's twelve essays focus on earplay in texts by James Joyce, Ezra Pound, H.D., Samuel Beckett, William Burroughs, Amiri Baraka, Bob Kaufman, Robert Duncan, and Kamau Brathwaite and in performances by John Cage, Caribbean DJ-poets, and Cecil Taylor. From the early twentieth-century soundscapes of Futurist and Dadaist 'sonosphers' to Henri Chopin's electroacoustical audio-poemes, the authors argue, these states of sound make bold but wavering statements--statements held only partially in check by meaning. The contributors are Loretta Collins, James A. Connor, Michael Davidson, N. Katherine Hayles, Nathaniel Mackey, Steve McCaffery, Alec McHoul, Toby Miller, Adalaide Morris, Fred Moten, Marjorie Perloff, Jed Rasula,

and Garrett Stewart.

**Collected Works of Velimir Khlebnikov: Letters and theoretical writings** Велимир Хлебников, 1987  
Dubbed by his fellow Futurists the King of Time, Velimir Khlebnikov (1885-1922) spent his entire brief life searching for a new poetic language to express his convictions about the rhythm of history, the correspondence between human behavior and the language of the stars. The result was a vast body of poetry and prose that has been called hermetic, incomprehensible, even deranged. Of all this tragic generation of Russian poets (including Blok, Esenin, and Mayakovsky), Khlebnikov has been perhaps the most praised and the more censured. This first volume of the Collected Works, an edition sponsored by the Dia Art Foundation, will do much to establish the counterimage of Khlebnikov as an honest, serious writer. The 117 letters published here for the first time in English reveal an ebullient, humane, impractical, but deliberate working artist. We read of the continuing involvement with his family throughout his vagabond life (pleas to his smartest sister, Vera, to break out of the mold, pleas to his scholarly father not to condemn and to send a warm overcoat); the naive pleasure he took in being applauded by other artists; his insistence that a young girl's simple verses be included in one of the typically outrageous Futurist publications of the time; his jealous fury at the appearance in Moscow of the Italian Futurist Marinetti; a first draft of his famous zoo poem (O Garden of Animals!); his seriocomic but ultimately shattering efforts to be released from army

service; his inexhaustibly courageous confrontation with his own disease and excruciating poverty; and always his deadly earnest attempt to make sense of numbers, language, suffering, politics, and the exigencies of publication. The theoretical writings presented here are even more important than the letters to an understanding of Khlebnikov's creative output. In the scientific articles written before 1910, we discern foreshadowings of major patterns of later poetic work. In the pan-Slavic proclamations of 1908-1914, we find explicit connections between cultural roots and linguistic ramifications. In the semantic excursions beginning in 1915, we can see Khlebnikov's experiments with consonants, nouns, and definitions spelled out in accessible, if arid, form. The essays of 1916-1922 take us into the future of Planet Earth, visions of universal order and accomplishment that no longer seem so farfetched but indeed resonate for modern readers.

Sexual Personae Camille Paglia, 1990-09-10 From ancient Egypt through the nineteenth century, *Sexual Personae* explores the provocative connections between art and pagan ritual; between Emily Dickinson and the Marquis de Sade; between Lord Byron and Elvis Presley. It ultimately challenges the cultural assumptions of both conservatives and traditional liberals. 47 photographs.

*Contemporary Hollywood Masculinities* Susanne Kord, Elisabeth Krimmer, 2013-12-04 Kord and Krimmer

investigate the most common male types - cops, killers, fathers, cowboys, superheroes, spies, soldiers, rogues, lovers, and losers - by tracing changing concepts of masculinity in popular Hollywood blockbusters from 1992 to 2008 - the Clinton and Bush eras - against a backdrop of contemporary political events, social developments, and popular American myths. Their in-depth analysis of over sixty films, from The Matrix and Iron Man to Pirates of the Caribbean and The Lord of the Rings, shows that movies, far from being mere entertainment, respond directly to today's social and political realities, from consumerism to family values to the War on Terror.

**Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave.

After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

*Cinderella Ate My Daughter* Peggy

Orenstein, 2011-01-25 Peggy Orenstein, acclaimed author of the groundbreaking New York Times bestsellers *Girls & Sex* and *Schoolgirls*, offers a radical, timely wake-up call for parents, revealing the dark side of a pretty and pink culture confronting girls at every turn as they grow into adults. Sweet and sassy or predatory and hardened, sexualized girlhood influences our daughters from infancy onward, telling them that how a girl looks matters more than who she is. Somewhere between the exhilarating rise of Girl Power in the 1990s and today, the pursuit of physical perfection has been recast as the source of female empowerment. And commercialization has spread the message faster and farther, reaching girls at ever-younger ages. But how dangerous is pink and pretty, anyway? Being a princess is just make-believe; eventually they grow out of it . . . or do they? In search of answers, Peggy Orenstein visited Disneyland, trolled American Girl Place, and met parents of beauty-pageant preschoolers tricked out like Vegas showgirls. The stakes turn out to be higher than she ever imagined. From

premature sexualization to the risk of depression to rising rates of narcissism, the potential negative impact of this new girlie-girl culture is undeniable—yet armed with awareness and recognition, parents can effectively counterbalance its influence in their daughters' lives.

*Chatsworth* Ashwin Desai, Goolam H. Vahed, 2013 In 1960, apartheid's planners created the 'Indian' township of Chatsworth, evicting people from established neighborhoods around Durban and forcibly settling them into the grid of a modern racial ghetto. Making a home within this architecture of exclusion, along streets without names, tens of thousands of new residents began building new lives and new communities, developing an urban space with a unique cultural vibrancy born of creativity and economic struggle. With the dismantling of 'Group Areas' legislation from 1990, and within South Africa's continually changing political landscape, the Chatsworth township has witnessed innovations of livelihood, shifting boundaries of identity, and protracted social challenges. This book brings together an exhilarating mix of voices that collectively tell the story of Chatsworth's origins, transformations, and ongoing rhythms of daily life. Its narrative richness is further enhanced with classic photographs, some dating back to the period of early settlement, as well as a contemporary photo essay by distinguished photographer, Jenny Gordon.
