But when a young boy stumbles upon the crypt of King Arthur, the legendary monarch and the Knights of the Round Table are magically reincarnated. Together once again, King Arthur, Sir Lancelot, Merlin, and the rest of the classic knights take on the invading extraterrestrials and their wicked leader, Morgan Le Fay, the half-sister of Arthur. A mythical tale of honor and bravery, CAMELOT 3000 proves that some heroes are timeless.

Coming of Age in Second Life Tom Boellstorff, 2015-08-25 Millions of people around the world today spend portions of their lives in online virtual worlds. Second Life is one of the largest of these virtual worlds. The residents of Second Life create communities, buy property and build homes, go to concerts, meet in bars, attend weddings and religious services, buy and sell virtual goods and services, find friendship, fall in love--the possibilities are endless, and all encountered through a computer screen. At the time of its initial publication in 2008, *Coming of Age in Second Life* was the first book of anthropology to examine this thriving alternate universe. Tom Boellstorff conducted more than two years of fieldwork in Second Life, living among and observing its residents in exactly the same way anthropologists traditionally have done to learn about cultures and social groups in the so-called real world. He conducted his research as the avatar Tom Bukowski, and applied the rigorous methods of anthropology to study many facets of this new frontier of human life, including issues of gender, race, sex, money, conflict and antisocial behavior, the construction of place and time, and the interplay of self and group.

Coming of Age in Second Life shows how virtual worlds can change ideas about identity and society. Bringing anthropology into territory never before studied, this book demonstrates that in some ways humans have always been virtual, and that virtual worlds in all their rich complexity build upon a human capacity for culture that is as old as humanity itself. Now with a new preface in which the author places his book in light of the most recent transformations in online culture, Coming of Age in Second Life remains the classic ethnography of virtual worlds.

Queer Game Studies Bonnie Ruberg, Adrienne Shaw, 2017-03-28 Video games have developed into a rich, growing field at many top universities, but they have rarely been considered from a queer perspective. Immersion in new worlds, video games seem to offer the perfect opportunity to explore the alterity that queer culture longs for, but often sexism and discrimination in gamer culture steal the spotlight. *Queer Game Studies* provides a welcome corrective, revealing the capacious albeit underappreciated communities that are making, playing, and studying queer games. These in-depth, diverse, and accessible essays use queerness to challenge the ideas that have dominated gaming discussions. Demonstrating the centrality of LGBTQ issues to the gamer world, they establish an alternative lens for examining this increasingly important culture. *Queer Game Studies* covers important subjects such as the representation of queer bodies, the casual misogyny prevalent in video games, the need for greater diversity in gamer culture, and reading popular games like Bayonetta, Mass Effect, and Metal Gear Solid from a queer perspective. Perfect for both everyday readers and instructors looking to add diversity to their courses, *Queer Game Studies* is the ideal introduction to the vast and

vibrant realm of queer gaming. Contributors: Leigh Alexander; Gregory L. Bagnall, U of Rhode Island; Hanna Brady; Mattie Brice; Derek Burrill, U of California, Riverside; Edmond Y. Old Man Rider Beau Johnson,2022-10-24 It's all come down to this. The past, the present, and the conclusion of man who's chosen to end so many colliding for the final time. From an unimaginable start within the pages of A Better Kind of Hate to a bitter, bloody end throughout All of Them To Burn, Bishop Rider remains what he's always been. What a certain type of predator forced him to become. His life and struggle not only a journey of choice driven by necessity, but one decades in the making. There will be carnage. There will be blood. But through it all, a sliver of hope. And perhaps, if he's lucky, a chance at brighter days. Time to go to work. Praise for Old Man Rider: "With

glorious, unapologetic brutality, Old Man Rider tells, through several vivid vignettes, of Bishop Rider's exploits. Woven in are elements of his humanity, as well as his motivation. Johnson provides a well-written, thoughtful book of revenge, glorious bloody revenge. I found it utterly delightful and want more more more." —Shannon Kirk, author of *Gretchen* "Johnson's the kind of writer you let drag you across the broken glass screaming because you know the destination's going to make it all worth it. Brutal, dark, unflinching—this is a hell of a Rider story." —Angel Luis Colon, author of *Hell Chose Me* "Beau Johnson pulls no punches in this final installment of Bishop Rider stories. And rest assured, no one will be spared or saved. Riveting, heartbreaking, and bloody as ever. This collection took a 2x4 to my head—in the best way." —Curtis Ippolito, author of *Burying the Newspaper Man* "Old Man Rider is flat-out amazing. While many of the stories are quick jabs to the gut or punches to the face, they string together in such perfect combinations that the book is an absolute slugfest. Great, wonderful stuff." —Steve Weddle, author of *Country Hardball* "Beau Johnson writes the kind of fiction your mother warned you about—feel the trauma, smell the flesh, taste the concrete— Old Man Rider is about to stomp you into oblivion." —Zachary Ashford, author of *When the Cicadas Stop Singing* "Absorbing and devastating, these are miniature morality plays. As if the angel of death was descending each level of hell, punishing the most evil people in the world. Bishop Rider books are an unapologetic fistful of concrete to the face." —Manny Torres, author of *Dead Dogs and Father Was a Rat King* "It's said that 'You eat the world or the world eats you.' This theme is (re)introduced early and carried through this last installment of Bishop Rider's story. Short, sharp stories delivering Rider's signature violent revenge written with prose like a

punch to the face. This cycle might be ended for now, but the work? The work is being done. Highly recommended.” —Alan Baxter, author of *The Gulp* and *Shallow Bend* “Forget Dirty Harry and The Punisher. Step aside, too, Old Man Logan—there’s a new surly old cuss who’s the best there is at what he does, and what he does isn’t very nice. Old Man Rider is a tough, vicious, violent, mean ol’ SOB, and Johnson’s writing is as dark, brutal, and twisted as ever. Beau’s saved the best for last, and these final stories in the life of Bishop Rider are a full-fledged assault upon the reader. I wouldn’t expect anything less, and I certainly wouldn’t have it any other way.” —Michael Patrick Hicks, author of *Friday Night Massacre*

following a heinous war of nuclear ferocity, the world simmers down in its quest for repose via an increased attempt at gaining scientific knowledge. Technological breakthroughs are numerous; QEM (Quark Electromagnetic Movement) is discovered along with 'nuclei fuel?'. Millions upon untold millions of people, of all nationalities, break free of the Earth's gravitation, and travel both legally and illegally to other far-away worlds. Man travels to the new but far-away systems and commences his colonisation of the varied worlds encountered; it is then that catastrophe hits. 'Parsec mutation? takes hold on the invading species, and man falls under a variety of changes. 'QEM migration? is suddenly forbidden and the worlds already colonised come under change; each world gives freely to the meaning of evolution. Hundreds of years later 'parsec mutation? is finally controlled and the worlds hidden behind several hundred years of banned QEM-gate travel are brought into view. This is the story of the unstable peace that exists within these New Worlds. In Quadrant Three is the Mildratawa, a peace loving council that confides all matters to the representatives of other worlds and Quadrants. Without the Mildratawa peace could never exist. Set in the year 2393 the Mildratawa is to the galaxy what the UN is to the Earth, as we knew it in the late 20th century.
