**Introductory Grammar of Amharic** Wolf Leslau, 2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

**Music Scenes** Andy Bennett, Richard A. Peterson, 2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

**Fish for Supper** M.B. Goffstein, 2021-03-02 Selected as a Caldecott Honor Book in 1977, and now back in print for the first time in a decade, this is

a charming picture book about a grandmother and her simple, idyllic daily routine. *Fish for Supper* is M.B. Goffstein's Caldecott Honor story of a grandmother and her regular routine in summer: waking at five o'clock in the morning to make the most of a day on the lake, "with cans of worms and minnows, some fruit for lunch, bobbers, lines, hooks, and sinkers." Delightfully and wittily, Goffstein departs from the usual fisherman's tale to give us a day in the life of this no-nonsense, patient fisherwoman who catches "sunfish, crapper, perch, and sometimes a big northern pike," who capably cleans her catch, and who can bake to boot. She relishes every bite of her well-earned supper, and the pleasure she takes in her self-sufficiency and graceful work becomes the reader's as well. Based on Goffstein's own childhood summers at her grandparents' house on Lake Minnetonka, Minnesota, *Fish for Supper* transforms her indelible memories into a story that is as honed and gratifying as its heroine's days.

The Pieces I Found Emilee Cote, 2019-09-03 This collection of poems stems from true experience. the piece I found is about heartbreak, love, healing, and self-love. It's about naivety of young love, or what we think is love. It represents the moment you fall, and you getting up seems meaningless. This collection of poems shows the journey of finding yourself after a heartbreak. The pain, the healing, and the acceptance. It's about growing through whatever pain you're feeling, and turning it into something wonderful.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

The Milk of Amnesia Leandro Katz, 1985 In an exploration of memory, Katz pairs frame enlargements with dialogue from his films, *Beatrice*, *Mirror on the Moon*, and *The Voice*: notes from Catherwood, *The Milk of Amnesia*.
