Light Car Patrols 1916-19 Claud Williams,2020-12-15 Captain Claud Williams' memoir tells, first-hand, what it was like to be a Light Car Patrol commander during the First World War, while Russell McGuirk's commentary provides the historical background to the formation of the Patrols and follows their activities from the British raid on Siwa Oasis to desert exploration and survey work and the Kufra Reconnaissance Scheme. Lavishly illustrated with original photographs from Light Car officers, this combined memoir and history provides a fascinating and informative picture of an unsung hero of the desert - the Model T Ford.

Rebellious Heart Jody Hedlund, 2013-09-15 Jody Hedlund Brings History to Life Like Few Others In 1763 Massachusetts, Susanna Smith has grown up with everything she's ever wanted, except one thing: an education. Because she's a female, higher learning has been closed to her, but her quick mind and quicker tongue never back down from a challenge. She's determined to put her status to good use, reaching out to the poor and deprived. And she knows when she marries well, she will be able to continue her work with the less fortunate. Ben Ross grew up a farmer's son and has nothing to his name but his Harvard education. A poor country lawyer, he doesn't see how he'll be able to fulfill his promise to make his father proud of him. When family friends introduce him to the Smith family, he's drawn to quick-witted Susanna but knows her family expects her to marry well. When Susanna's decision to help an innocent woman no matter the cost crosses with Ben's growing disillusionment with their British rulers, the two find themselves bound together in what quickly becomes a very dangerous fight for justice.

The Catcher Was a Spy Nicholas Dawidoff, 2011-11-02 NATIONAL BESTSELLER Now a major motion picture starring Paul Rudd "A delightful book that recounts one of the strangest episodes in the history of espionage. . . . Relentlessly entertaining."—The New York Times Book Review Moe Berg is the only major-league baseball player whose baseball card is on display at the headquarters of the CIA. For Berg was much more than a third-string catcher who played on several major league teams between 1923 and 1939. Educated at Princeton and the Sorbonne, he is reputed to speak a dozen languages (although it was also said he couldn't hit in any of them) and went on to become an OSS spy in Europe during World War II. As Nicholas Dawidoff follows Berg from his claustrophobic childhood through his glamorous (though equivocal) careers in sports and espionage and into the long, nomadic years during which he lived on the hospitality of such scattered acquaintances as Joe DiMaggio and Albert Einstein, he succeeds not only in establishing where Berg went, but who he was beneath his layers of carefully constructed cover. As engrossing as a novel by John le Carré, *The Catcher Was a Spy* is a triumphant work of historical and psychological detection.

Mickey Mouse Waddle Book ,1992-09 Mickey Mouse's new horse, Tanglefoot, competes in a race. Features four punch-out characters that waddle down a punch-out ramp when assembled.

And is the story of the freedom-loving Saxons refusing to be put under the Norman yoke, as portrayed in the Errol Flynn films, true?Mike Dixon-Kennedy ranges far and wide in his quest to present a complete picture of the exploits of this indestructible hero, drawing on ballads, poems, proverbs, films, novels, folklore, musicals and place-names.

Alexander Calder and His Magical Mobiles Jean Lipman,Margaret Aspinwall,1981 Alexander Calder is surely the most beloved artist of the twentieth century - as well as a major figure in the history of modern sculpture. The publication also presents a treasury of favourite works by Calder, as well as fascinating photographs of the artist at work. There is also a sequence of photographs that can be flipped to show a mobile in motion. I Marched with Patton Frank Sisson, Robert L. Wise, 2021-09-08 Poignant . . . Well worth the read. --Wall Street Journal In December 1944, Frank Sisson deployed to Europe as part of General George S. Patton's famed Third Army. Over the next six months, as the war in Europe raged, Sisson would participate in many of World War II's most consequential events, from the Battle of the Bulge to the liberation of Dachau. Now 95 years old, Frank shares his remarkable story of life under General Patton for the first time. Frank Sisson grew up in rural Oklahoma during the Great Depression. His father died when Frank was young, and so in 1944, at age eighteen, Frank, like so many other young men across America, enlisted in the Army and was deployed to France. At a traffic intersection one day, Frank caught his first glimpse of the man who would control the next six months of Frank's deployment, and whose lessons, and spirit, would shape the rest of Frank's life. General Patton could be erratic and short-tempered--but he was also a brilliant military tactician and cared deeply for the men who served under him, a credo that gave Frank and his fellow soldiers solace as they faced death every day. In this gritty, intimate account, Frank reveals what life on the ground was really like in the closing days of World War II. After the war, Frank continued to serve in the army as a military police inspector in Berlin. When he finally returned home, he attended college and built a career in business. Like many members of the Greatest Generation, he was often reluctant to share his stories of the war, in all their glory, and terror. He was content to live and work in the nation he had fought to protect, an embodiment of the American Dream. Patton, on the other hand, would not live to see the postwar world he helped create. In December 1945, less than a year after the conclusion of the war, he tragically died following a car accident. Now, seventy-five years later, Frank Sisson's remarkable reminiscences provide a fresh, unique look at Patton's leadership, the final days of World War II and

its direct aftermath, and the experience of combat on the front lines.
