MiniEco Kate Lilley,2013 MiniEco is the sensational craft blog of Kate Lilley. With over 250,000 followers it has taken on cult status in the international craft community, and that is purely down to Kates fresh, contemporary and beautifully explained and executed craft projects. With a book for children already under her belt, this publication focuses more on adults with 33 pieces including paper gems, an origami lampshade, macrame hangings, pop-up pixel cards, hama bead candle holders, and tie-dyed furoshiki cloths. The ideas range in complexity from the simple to the advanced, but each one is totally unique and has never before been published. The look of the book will reflect the immaculate, Japanese-inflected minimalism of the MiniEco website, with some high-end production finishes including a die-cut, dust-jacketed paperback binding and boldly pared-back photography. QR codes will link to animated gifs of the craft being made.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Gears Of War: Jacinto's Remnant Karen Traviss,2012-01-26 Based on the blockbuster Xbox game, this is the stunning story of the men and women who stood between a planet and total destruction - and now have to face the consequences of their actions. If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts Dr Derek Diedricksen,2012-02-01 This Old House meets Wayne's World in this zany guide to designing and building tiny homes Derek Diedricksen has always had a love for small, modest houses ever since his father gave him the book Tiny Tiny Houses by Lester Walker for his tenth birthday. Combining his artistic abilities, wild imagination, and his passion for small

houses, he self-published Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts, and Whatever the Heck Else we could Squeeze in Here in 2009. This book is a collection of Diedricksen's creative/imaginative sketches for building small houses, shacks, cottages, and forts. The sketches are accompanied with hand-written commentary, both instructive and comical. Derek's main purpose is to get your creative juices flowing and encourage you to get off the couch and use your hands. Believing that specific building plans squash creativity, he avoids too many detailed instructions, giving you the chance to put your own creative spin on your very own small abode (even if it is just in your imagination).
