A Call to Duty David Weber, Timothy Zahn, 2014-09-16

Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *A Call to Duty*: A new series set in the universe of Weber's popular heroine Honor Harrington gets off to a solid start. . . . Cowriters Zahn and Weber do an excellent job alluding to events known to longtime fans. . . . [T]his astronomical adventure is filled with . . . intrigue and political drama. _Publishers Weekly_ About the Honor Harrington series: _Weber combines realistic, engaging characters with intelligent technological projection and a deep understanding of military bureaucracy in this long-awaited Honor Harrington novel_ Fans of this venerable space opera will rejoice to see Honor back in action. Ó _Publishers Weekly _.

. .everything you could want in a heroine ã. Excellent ã plenty of action.Ó_Science Fiction Age _Brilliant! Brilliant! Brilliant!Ó_Anne McCaffrey _Compelling combat combined with engaging characters for a great space opera adventure.Ó_Locus _Weber combines realistic, engaging characters with intelligent technological projection . . . Fans of this venerable space opera will rejoice . . . Ó_Publishers Weekly About Timothy Zahn: _Zahn keeps the story moving at a breakneck pace, maintaining excitement.Ó¼Publishers Weekly [Y]ou can count on Timothy Zahn for three things: clean, sparse prose; good pacing; and great action scenes. The first book in the Cobra War series hits all those marks in admirable style and makes for a quick, entertaining sci-fi novel. ¾Blogcritics _[Conqueror's Heritage] is another finely wrought space adventure . . . [with] social, political and emotional complications, all of which Zahn treats with his usual skill.Ó¼Booklist _Zahn paints every detail [in Angelmass] with gleamy realism . . . scientific dialogue that streams with starship hardware and military trooper talk . . . immensely appealing.Ó¼Kirkus Review

If Anything Happens I Love You Will

McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Six Crimson Cranes Elizabeth Lim, 2021-07-06 NEW YORK TIMES BESTSELLER • A princess in exile, a shapeshifting dragon, six enchanted cranes, and an unspeakable curse... Drawing from fairy tales and East Asian folklore, this original fantasy from the author of *Spin the Dawn* is perfect for fans of *Shadow and Bone*. A dazzling fairytale full of breathtaking storytelling. -- Stephanie Garber, New York Times bestselling author of *Caraval* Shiori'anma, the only princess of Kiata, has a secret. Forbidden magic runs through her veins. Normally she conceals it well, but on the morning of her betrothal ceremony, Shiori loses control. At first, her mistake seems like a stroke of luck, forestalling the wedding she never wanted. But it also catches the attention of Raikama, her stepmother. A sorceress in her own right, Raikama banishes the young princess, turning her brothers into cranes. She warns Shiori that she must speak of it to no one: for with every word that escapes her lips, one of her brothers will die. Penniless, voiceless, and alone, Shiori searches for her brothers, and uncovers a dark conspiracy to seize the throne. Only Shiori can set the kingdom to rights, but to do so she must place her trust in a paper bird, a mercurial dragon, and the very boy she fought so hard not to marry. And she must embrace the magic she's been taught all her life to forswear--no matter what the cost. Weaving together elements of *The Wild Swans*, *Cinderella*, the legend of Chang E, and the Tale of the Bamboo Cutter, Elizabeth Lim has crafted a fantasy like no other, and one that will stay with readers long after they've

turned the last page. A stunning remake of a fairytale. Six Crimson Cranes is the perfect blend of whimsy and ferociousness, with twists and turns that will tug at your heartstrings. —Chloe Gong, New York Times bestselling author of *These Violent Delights* Fast-paced excitement is balanced with a satisfyingly intricate plot that weaves in elements from Western fairy tales and East Asian folklore. —SLJ, starred review “A richly imagined landscape . . . vibrant, fast-paced.” —Publishers Weekly, starred review

This Woven Kingdom Tahereh Mafi, 2022-02-01 New York Times, USA Today, and Publishers Weekly bestseller! Clashing empires, forbidden romance, and a long-forgotten queen destined to save her people—Tahereh Mafi’s first in an epic, romantic trilogy inspired by Persian mythology. To all the world, Alizeh is a disposable servant, not the long-

lost heir to an ancient Jinn kingdom forced to hide in plain sight. The crown prince, Kamran, has heard the prophecies foretelling the death of his king. But he could never have imagined that the servant girl with the strange eyes, the girl he can't put out of his mind, would one day soon uproot his kingdom—and the world. Perfect for fans of Leigh Bardugo, Tomi Adeyemi, and Sabaa Tahir, this is the explosive first book in a new fantasy trilogy from the New York Times bestselling and National Book Award-nominated author Tahereh Mafi. "In a tale as exquisitely crafted as one of Alizeh's own garments, Mafi weaves a spell of destiny and danger, forbidden love and courtly intrigue, magic and revolution."—Cassandra Clare, #1 New York Times bestselling author of *The Last Hours* "This Woven Kingdom is an exquisite fantasy. Rich with clever prose, delicious twists, and breathtaking world building. Prepare to be destroyed—this one will wrench at your heart and make it pound, and in the end it will leave you entirely speechless."—Stephanie Garber, #1 New York Times bestselling author of the *Caraval* series

Achtung-Panzer! Heinz Guderian, 1937 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had

forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
