Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's

book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Dire Moon (Hot Moon Rising #9) Eliza

March,2017-05-19 Her aura has never reacted to any man this way. After the female dire wolf under her protection goes missing, Laurel Finnegan's new assignment, vetting the brother, proves even more challenging. He's everything Laurel isn't. And everything she wants. Before the full moon rises, she'll have to test their mutual attraction, find his sister, and keep him away from the other females who will stop at nothing to be the dire wolf's mate. He refuses to accept the significance of their mingled auras. Lucas MacDugal's family is the last of the purebred dire wolves, and times have changed. So when his sister fought tradition and fled Scotland for Sarasota, he agreed. Now, he has to deal with her female security guard. Laurel has extraordinary elemental assets and is instrumental in deciphering evidence, but she's also the first female to destroy his self-control. He has until the full moon rises to figure out why. After that, his unusual attraction to Laurel may prove deadly for her. All the evidence indicates Grace set herself up. Laurel's worst fears prove true. Rogues from the south have infiltrated the outlying pack land. When she discovers Grace's location and telecommunications fail, she decides to rely on the elemental connection she formed

with Lucas. He's in denial... But there's no denying how much she hungers for him, and his lust rises with the waning moon. The innocent female haunts his thoughts night and day. He has to respond. Too many lives are at stake for him to ignore the appeal he can't resist. The full moon calls his wolf to action. Lucas will give up everything to claim Laurel as his, but he won't risk her life. The fear of losing her drives him to discover the mystery surrounding their irresistible connection.
