Dolls of Hope Shirley Parenteau, 2015-09-22 How daring is Chiyo prepared to be to keep the American Friendship Doll safe? Inspired by a little-known historical event, this engaging companion to Ship of Dolls is told from a Japanese girl's point of view. When eleven-year-old Chiyo Tamura is sent from her home in a small Japanese mountain village to a girls' school in the city of Tsuchiura, she never imagines that she will soon be in Tokyo helping to welcome more than twelve thousand Friendship Dolls from America—including Emily Grace, a gift to her own school. Nor could she dream that she'd have an important role in the crafting of Miss Tokyo, one of fifty-eight Japanese dolls to be sent to America in return. But when an excited Chiyo is asked to be Emily Grace's official protector, one jealous classmate will stop at nothing to see her fail. How can Chiyo reveal the truth—and restore her own good name? In another heartwarming historical novel, the author of Ship of Dolls revisits the 1926 Friendship Doll exchange, in which teacher-missionary Sidney Gulick organized American children to send thousands of dolls to Japan in hopes of avoiding a future war.

Letters to Santa Claus The Elves, 2015-10-05 A “poignant” collection of real letters sent to Santa Claus—a town in Indiana—from the 1930s to the twenty-first century, from both children and adults (The New York Times). For countless Christmases, children—and sometimes adults—have stuffed their dreams, wishes, and promises into envelopes. Over many decades, millions of these letters have poured into Santa Claus, Indiana. Arriving from all corners of the globe, the letters ask for toys, family reunions, snow, and help for the needy—sometimes the needy being the writers themselves. They are candid, heartfelt, and often blunt. Many children wonder how Santa gets into their chimneyless homes. One child reminds Santa that she has not hit her brothers over 1,350 times that year, and another respectfully requests two million dollars in “cold cash.” One child hopes to make his life better with a time machine, an adult woman asks for a man, and one miscreant actually threatens Santa's reindeer! Containing more than 250 actual letters and envelopes from the naughty and nice reaching back to the 1930s, this moving book will touch hearts and bring back memories of a time in our lives when the man with a white beard and a red suit held out the hope that our wishes might come true. “Often very affecting . . . also offers an unusual window into American history.” —Library Journal “The letters . . . are alternately silly and somber, hilarious and heartfelt.” —The Weekly Standard

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
