*Faith and Science with Dr. Fizzlebop* Brock Eastman,2021-11-09 Faith and Science with Dr. Fizzlebop features 52 easy experiments kids and parents can do together once a week or at their convenience. Each experiment will have a how-to video featured in the free Fizzlebop Labs web series launching in fall '21. Building on Dr. Fizzlebop's desire to show kids how faith and science connect, each experiment connects to a devotional that allows kids to go deeper and learn about God's amazing design for everything around them. On average, each experiment takes 5 to 10 minutes and the devotional is an additional 5 minutes. Our expert and guide, Dr. Phineas Einstein Fizzlebop, is a bit quirky and maybe a little cheesy at times, but he is passionate about three things: God, science, and fizz—and all come together wonderfully at Fizzlebop Labs. Guest scientists (families) will journey through the Bible in an extravaganza of experiments and Bible studies full of fun, facts, and fizz.

*Another Kind of Hurricane* Tamara Ellis Smith,2015-07-14 In this stunning debut novel, two very different characters—a black boy who loses his home in Hurricane Katrina and a white boy in Vermont who loses his best friend in a tragic accident—come together to find healing. A hurricane, a tragic death, two boys, one marble. How they intertwine is at the heart of this beautiful, poignant book. When ten-year-old Zavion loses his home in Hurricane Katrina, he and his father are forced to flee to Baton Rouge. And when Henry, a ten-year-old boy in northern Vermont, tragically loses his best friend, Wayne, he flees to ravaged New Orleans to help with hurricane relief efforts—and to search for a marble that was in the pocket of a pair of jeans donated to the Red Cross. Rich with imagery and crackling with hope, this is the unforgettable story of how lives connect in unexpected, even magical, ways. “In Smith’s poetic hands, this poignant story barrels across the pages and into the reader’s heart, reminding us that magic can arise from the deepest tragedy.” —Kathi Appelt, Newbery Honor Award winner and two-time National Book Award Finalist

**A Call to Duty** David Weber, Timothy Zahn, 2014-09-16 Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management). *Original Grin* Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and

often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**Drawing the Male Nude** Giovanni Civardi, 2017-09-04 Giovanni Civardi breaks down the complex process of drawing the male nude, from making rudimentary choices about framing, lighting and the most appropriate drawing tools, to rendering detailed and anatomically accurate artworks. Civardi's own masterful drawings provide an excellent touchstone for the artist wanting to explore the depiction of the male body, and his studies of numerous poses cover all aspects of life drawing. Civardi takes a pragmatic, almost scientific, approach to teaching the subject, combining basic physics with artistic interpretation. Drawing the Male Nude also touches upon the significant anatomical differences between the male and the female form, but these are also covered in some detail in the companion to this title, Drawing the Female Nude.

**Trashures** Anja Brunt, Tineke Meirink, 2016 It shows recent works by artist who work with useless things and gives instructions to make your own artwork.
