**Nippon Modern** Mitsuyo Wada-Marciano, 2008-01-22 Devastated by the 1923 earthquake, Tokyo re-built itself in symbiosis with an image of modernity concocted by its own film studios. Nippon Modern renders that image, aspect after fascinating aspect, in sharp detail. Scores of films make up that image, a few resurrected in this volume for intense and delightful analysis. A sensitive viewer and an honest resourceful historian, Wada-Marciano lays out what she's found in relation to other studies of this precious period, and she does so without hyperbole and without a glaring agenda. She makes you understand how, after Tokyo would again be devastated in 1945, these 'modern' films could become objects of nostalgia. Such is the care she gives her subject and such the fragility of that subject. —Dudley Andrew, Yale University Nippon Modern will be recognized as one of the core books of

Japanese film studies, a must-read for anyone interested in Japanese cinema. Because it brings Japanese cinema study into dialogue with important debates in history, area studies, and post colonial studies, it should have a wide and heterogeneous readership that will be attracted to its compelling analysis of important films and straightforward narration of biographies and studio history. —Abé Mark Nornes, University of Michigan Nippon Modern is the first intensive study of Japanese cinema in the 1920s and 1930s, a period in which the country's film industry was at its most prolific and a time when cinema played a singular role in shaping Japanese modernity. During the interwar period, the signs of modernity were ubiquitous in Japan's urban architecture, literature, fashion, advertising, popular music, and cinema. The reconstruction of Tokyo following the disastrous earthquake of 1923 highlighted the extent of this cultural transformation, and the film industry embraced the reconfigured space as an expression of the modern. Shochiku Kamata Film Studios (1920–1936), the focus of this study, was the only studio that continued filmmaking in Tokyo following the city's complete destruction. Mitsuyo Wada-Marciano points to the influence of the new urban culture in Shochiku's interwar films, acclaimed as *modan na eiga*, or modern films, by and for Japanese. Wada-Marciano's thought-provoking examinations illustrate the reciprocal relationship between cinema and Japan's vernacular modernity—what Japanese modernity actually meant to Japanese. Her thorough and thoughtful analyses of dozens of films within the cultural contexts of Japan contribute to the current inquiry into non-Western vernacular modernities.

**Forensic Investigator** Esther McKay, 2009-08-03 FORENSIC INVESTIGATOR Geoff Bernasconi had always been passionate about his job as a policeman in rural

New South Wales and, from the earliest days of his career, went the extra mile, both for victims of crime and for their families. But one night in 1984, he was called to investigate the scene of an horrific car accident in which an entire family had been wiped out – and which it was impossible for him to forget. Geoff's day-to-day working life became a catalogue of tragedies, some of which involved people close to him, and he found himself spiralling downwards in the grip of post-traumatic stress disorder. When Esther Mckay, fellow forensic investigator and author of the best-selling *Crime Scene*, heard that Geoff has been awarded maximum compensation for his suffering, she knew immediately this was a story that needed to be told. This is a harrowing account of what it is like to work on the front-line of crime and tragedy as a forensic investigator. But it is also the inspiring story of someone who has been exposed to sights and experiences many of us can hardly even imagine, yet has emerged from the darkness to begin his journey to recovery.

Since then, seismic changes have reshaped Polish society, European politics, and the global film industry. This thoroughly revised and updated edition takes stock of these dramatic shifts to provide an essential account of Polish cinema from the nineteenth century to today, covering such renowned figures as Kieślowski, Skolimowski, and Wajda along with vastly expanded coverage of documentaries, animation, and television, all set against the backdrop of an ever-more transnational film culture.
