Taming the Giant Evangeline Anderson,2020-02-07 A Princess ruling on a cold, dark world, longing for a male to love her...A Warrior dreaming of a female he can love and protect...A Perfect match? Maybe not...He's a Giant.Can Alanah and Bram overcome their differences to be together?Read Taming the Giant to find out...The Princess and the Giant...Meet the Jor'gen Kindred. After leaving the main Mother Ship centuries ago to make a genetic trade with a massive race of people, they are thirty percent bigger than their ancestors. Which makes them 9 feet tall-giants to regular sized humanoids. Now, hundreds of years after the genetic trade which made them so huge, the Jor'gen Kindred have no more females and are seeking a new people to trade with. Bram, their captain, has been dream-sharing with a female from a small, cold, rocky planet at the far edge of the galaxy. The problem? She's tiny compared to him. Alanah is the ruler of her people but not by choice. After a plague carried off all the men and boys, including her father the king, she and the female members of her pre-industrial society were left to fend for themselves. Alanah has always felt like an outsider. Not only is she a princess but she's considered much too tall for a woman. The other ladies at court sneer at her behind her back, wondering where she will ever find a man big enough to take her on. Enter Bram, a giant three feet taller than Alanah. Suddenly the formerly too-tall princess is feeling positively petite. But Alanah's planet is stuck in the Dark Ages and Kindred technology looks like magic to them-black magic. Can Alanah convince her people the giant race is safe to join with? And can she and Bram overcome their differences-both physical and emotional-to form a lasting relationship?You'll have to read Taming the Giant to find out.

Papertoy Monsters Brian Castleforte,2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Happiness 6 Shuzo Oshimi, 2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

Decentralized Decision-making in Schools Harry Anthony Patrinos, Tazeen Fasih, 2009 An increasing number of developing countries are introducing School-Based Management (SBM) reforms aimed at empowering principals and teachers or at strengthening their professional motivation, thereby enhancing their sense of ownership of the school. Many of these reforms have also strengthened parental involvement in the schools, sometimes by means of school councils. SBM programs take

many different forms in terms of who has the power to make decisions as well as the degree of decision-making devolved to the school level. While some programs transfer authority only to school principals or teachers.

I Guarantee It George Zimmer, 2021-09-21 America knew George Zimmer for one of the most famous slogans in television advertising history: “I guarantee it.” Zimmer rode his promise to lead the

Men's Wearhouse to unimagined success as a retail giant. Now, years removed from his stunning dismissal as leader of the company he founded, *I Guarantee It* recounts the journey of Zimmer's rise, the fall of the Men's Wearhouse, and his personal renewal. For forty-one years, George Zimmer forged a relationship with American men who wanted to like the way they looked without getting too fussy about it. He made them a promise that came straight from the shoulder: "I guarantee it," he said, and it was ironclad. By the millions, customers walked into The Men's Wearhouse stores in all fifty states and Canada, where they received "quality, service, and a good price," where they bought suits, ties, sports coats, and slacks by the tens of billions of dollars. Then a backstabbing — the handpicked board of directors fired Zimmer from the company he had created and developed into the most successful men's specialty store in world history. Eight years later, Zimmer is back to tell his story: a man raised by a prosperous and loving family, a fun-loving son of the sixties, a merchant, an entrepreneur, a pitchman for the ages. Zimmer's ouster devastated but did not destroy him. His is a story of hard work and resilience, about a life in business that succeeded beyond belief and followed the Golden Rule. It's a story that will teach and inspire. He guarantees it.
