What Would Beyoncé Do?! Luisa Omielan, 2016-07-14
You know when you find yourself approaching thirty and your dreams are broken? You've got a temping career going nowhere, a student debt that's mounting and you've just had to move back into your mum's house. Then to top it all off, you get absolutely annihilated with heartbreak because of an ex, who is just 'not ready' but then manages to be ready, a week later, with someone else. And it is here, at your lowest point, that one of your best friends decides to remind you that you are the same age as Beyoncé. FML. Luisa Omielan is a stand-up comedian who turned her life around after she answered the mantra every person needs in their life: What Would Beyoncé Do?! Hilariously funny, wonderfully uplifting and brutally honest, Luisa's memoir shows us all that there is no situation in which Bey can't save the day.

Jonathan Pie: Off The Record Jonathan Pie, Andrew Doyle, Tom Walker, 2017-10-05
Want to know more about history and politics? Then you should probably go and read a proper book. Fancy a laugh at some smutty jokes? Then go and read Viz. But if you fancy a combination of the two, this is the book for you. In Off The Record, bitter and twisted leftie news reporter Jonathan Pie picks ten of the world's worst wankers and tears them apart. Here you'll find the answers to some difficult questions. Was Blair just a Tory in disguise? Did Cameron really have sexual relations with that pig? Just how the fuck did we end up with President Donald Trump? It's the ultimate guide to political arseholery. With extra swearing.

Gender and Forests Carol J. Pierce Colfer, Bimbika Sijapati Basnett, Marlène Elias, 2016-04-14 This enlightening book brings together the work of gender and forestry specialists from various backgrounds and fields of research and action to analyse global gender conditions as related to forests. Using a variety of methods and approaches, they build on a spectrum of theoretical perspectives to bring depth and breadth to the relevant issues and address timely and under-studied themes. Focusing particularly on tropical forests, the book presents both local case studies and global comparative studies from Africa, Asia, and Latin America, as well as the US and Europe. The studies range from personal histories of elderly American women's attitudes toward conservation, to a combined qualitative / quantitative international comparative study on REDD+, to a longitudinal examination of oil palm and gender roles over time in Kalimantan. Issues are examined across scales, from the household to the nation state and the global arena; and reach back to the past to inform present and future considerations. The collection will be of relevance to academics, researchers, policy makers and advocates with different levels of familiarity with gender issues in the field of forestry.
