**Living Life Consciously** Lana Tracy Lewis, 2009-03 Living Life

Consciously Living Life Consciously shares with you, your soul purpose, soul lesson and life lesson, each components of what constitutes your purpose in life. It reflects on your gifts and lessons, and how to actively and consciously implement them in your life in order to experience personal and spiritual enlightenment. As the ego and the soul come face to face on this earth plane, they become intertwined, and must learn to experience life holistically and from a common viewpoint. Thus begins the battle for both personal and soul growth. As you learn to love, appreciate and acknowledge every facet of who you are, you begin to experience your absolute potential through your innate power and uniqueness, which brings fulfillment, happiness and inner contentment.

Together, the ego and the soul dance symbiotically to the rhythm of life. Living Life Consciously assists you to expand your awareness and thus encounter the blessings that life has to offer. Instead of battling to swim upstream you learn how to consciously manoeuvre your way downstream, going with the flow of life, rather than against it. You will learn how to interact with others and the dynamics of your relationships that either help or hinder you in your

development towards self-growth and self-acceptance. Living Life Consciously teaches you that your purpose in life is not only to share your unique talents and abilities with others, but more importantly how to use your strengths to develop and embrace those aspects of yourself that you reject, thereby creating a 'whole' individual. Ultimately the ego and the soul are transformed and unite through the knowledge that they are inextricably interconnected. Together they create a harmonious, creative and constructive foundation needed to experience the joy and abundance

**It's Decorative Gourd Season, Motherfuckers Colin**

Nissan, 2021-09-28 A passionate and profane love letter to fall, the best fucking season of the year. Do you get excited at the first brisk breeze of the year? Are you overcome with delight when you

see piles of red leaves? Do you lose your fucking mind at a pumpkin patch? At last, the epically funny internet sensation It's Decorative Gourd Season, Motherfuckers is now a visual tour-de-force, teeming with a cornucopia of perfectly paired photos and seasonal enchantments to make it really fucking sing. Whiffy candles, wicker baskets, motherfucking gourd after gourd, and people going insane they love fall so much? Check! Also included: the equally lifechanging meditation It's Rotting Decorative Gourd Season, Motherfuckers, because all good things must end. Give it to everyone you love, or put it on your fucking coffee table next to a pile of shellacked vegetables to really tie the room together. Perfect for: For anyone who fucking loves fall, and fans of McSweeney's, Go the Fuck to Sleep, Deep Thoughts, the Onion, and the New Yorker.
