Heinz Guderian

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Vibrant, full-color photos and carefully leveled text engage young readers as they learn more about states of mind, moods, and emotions. Also includes sidebars, a table of contents, glossary, index, and tips for educators and caregivers. I Feel Jealous is part of Jump!'s States of Mind series.

But to get to the Pro Circuit, you must first pass through the International Race School, a brutal cauldron of wild races on even wilder courses, where only the best of the best will survive. This is the story of Jason Chaser, a talented young racer selected to attend the Race School. He's younger than the other students. He's smaller. His trusty car, the Argonaut, is older. But Jason Chaser is no ordinary racer. And as he races against the best drivers in the world he will learn that at Race School winning is everything, that not everyone in this world fights fair, and that you never ever have any friends on the track.

**Happiness 6** Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo
