If I Say If Alistair Rolls, John West-Sooby, Jean Fornasiero, 2014-06-23 Boris Vian is a rare phenomenon. Nothing short of a national treasure in France, he is hardly known overseas. In his lifetime, he divided literary opinion with masterpieces that failed to sell and best sellers that caused outrage, trials and even deaths, including his own. As an impresario, he became the figurehead of the jazz scene that marked the French left bank at the end of the Second World War and was responsible for bringing Duke Ellington and Miles Davis to France. As a musician, he played his trumpet against the advice of cardiologists, sang pacifist songs before audiences of outraged patriots and, in passing, created French rock 'n' roll. Posthumously, he became known for his theatre, film scripts and poetry as well as for his novels. And in May '68 he became a revolutionary icon.

Damned Busters Matthew Hughes, 2011-05-31 The Actionary Saves the Day! When mild-mannered Chesney Arnstruther accidentally summons a demon and causes Hell to go on strike, he doesn't expect to wind up as what he had always dreamed of being: the Actionary, a costumed crimefighter with a weasel-headed fiend for a sidekick. But that's just the beginning of a journey that will see the "high-functioning" autistic actuary enmeshed in the schemes of a greedy televangelist, romancing a pepper-spray-wielding manicurist, and sitting down to a poker game with the Devil where the stakes include his immortal soul. File Under: Fantasy [Expletives Deleted | Up Up And Away | Writer Of Life | No Demons]

Narrative Mechanics Beat Suter, René Bauer, Mela Kocher, 2021-05-31 What do stories in games have in common with political narratives? This book identifies narrative strategies as mechanisms for meaning and manipulation in games and real life. It shows that the narrative mechanics so clearly identifiable in games are increasingly used (and abused) in politics and social life. They have »many faces«, displays and interfaces. They occur as texts, recipes, stories, dramas in three acts, movies, videos, tweets, journeys of heroes, but also as rewarding stories in games and as narratives in society - such as a career from rags to riches, the concept of modernity or market economy. Below their surface, however, narrative mechanics are a particular type of motivational design - of game mechanics.

The Canterbury Puzzles H. E. Dudeney, 2002-10-01 This book includes 110 puzzles, not as individual problems but as incidents in connected

stories. The first 31 are amusingly posed by pilgrims in Chaucer's Canterbury Tales. Additional puzzles are presented using different characters. Many require only the ability to exercise logical or visual skills; others offer a stimulating challenge to the mathematically advanced.

The Dodals Eva Struskova, 2014-08-31 Today, Czechoslovakia is famous for its unique tradition of animated film. Standing at the very beginning of this tradition is Karel Dodal (1900-1986), who, in collaboration with his wives Hermína Dodalová (née Trávníčková) and, later, Irena Dodalová (née Leschnerová), made the very first Czech animations, starting with 1927's *Felix the Cat Receives a Lesson*. The Dodals' marvelous short films range from abstract animations to works made with intimate little sets that vividly convey the ways in which Czechoslovakia's rich culture of puppetry influenced its animation (as instanced by the films of Jan Svankmajer). This attractively designed and abundantly illustrated biography of the Dodals traces their career from its outset, in the 1920s, through their wartime exiles in Paris, Minneapolis (Karel Dodal taught at Minnesota University), New York and Argentina as well as looking at their contemporaries. It includes a DVD featuring 28 restored and digitized films along with documentation on the Dodals themselves.

Suspiria de Profundis Thomas De Quincey, 2019-10-16 Famed for his autobiographical *Confessions of an English Opium Eater*, De Quincey extended his sensational accounts of drug addiction with the brief essays of *Suspiria de Profundis* (*Sighs from the Depths*).

Whose Poo? Daisy Bird, 2021-05-04 For fans of *Everyone Poops*, a hilariously fresh take on POO! A trip to the zoo turns into a very silly discussion about poo, as two siblings wonder what sort of poo each and every creature would do. One day, Daddy Rat announces to his baby rats that he'll be taking them to the zoo . . . but only if they're good, which means no talking about poo! And yet, before the family can even leave the house, the two rascally siblings can't help but wonder . . . what sort of poo would an astronaut do? Shiny, silver, space-age poo! Rocket-powered, weightless poo, and it spins round and round like a planet does, too! Head chefs, balloon sellers, blue whales . . . everyone and everything must have a unique poo, and the siblings simply have to stop and imagine each and every one (much to the chagrin of Daddy Rat, who is getting increasingly irritated with all the poo talk). Once the rats finally reach the zoo, things escalate, because of course each and every animal in the zoo must do a special kind of poo! Finally, Daddy Rat has simply had enough, and is forced to sit down and explain the facts to his curious kids. And when he thinks he may have gotten through to his youngsters, he encounters a surprising (and smelly) twist which will have little rats everywhere laughing out loud!

I Spit on Your Graves Boris Vian, 1998 Fiction. In the tradition of Karl May and Franz Kafka, Boris Vian imagines an American even more amazing than the land he has never visited. *I Spit on Your Graves* is the first novel to put the quotation marks around the hardboiled thriller -- a vivid and startling performance (J. Hoberman). The book is Boris Vian's (1920-1959) sex-and-violence-filled homage to American noir. Originally published in France as *J'rai Craché Sur Vos Tombes* -- after allegedly being censored in the U.S. and translated into French -- the novel was no best seller, establishing Vian as one of the most famous writers of the mid-twentieth century.

Uselessly Aryan Kaganof, 2006 South Africa's foremost counter-culture revolutionary shares letters to and from his father, God, and the Devil, in this irreverent and pithy book about the world. Serious and philosophical issues of everyday life arise from the naive voice of the protagonist in this off-beat, avant-garde rant. Readers will laugh or cringe at the author's sharp, inquisitorial eye and insatiable curiosity, which serves to remind them that we don't really have a culture at all.

Laura Vinci Laura Vinci, Lorenzo Mammì, Paulo Sérgio Duarte, Rodrigo Naves, 2013 Retrospective edition devoted to the work of this important artist, documenting all installations produced since 1997. Edgar Allan Poe Charles Baudelaire, 1973-12-15 The earliest foreign study of the life and works of Edgar Allan Poe, the text presented in this volume is something of a landmark in the history of comparative literature. Baudelaire's first and longest essay on Poe was published in the *Revue de Paris* in 1852; it was revised and abridged for use as the preface of the first volume of his translation of Poe's tales, *Histoires extraordinaires*. This study was significant especially in the area of Franco-American literary relations because it was the basis of not only the French attitude toward Poe, but of his reputation throughout Europe—one might almost say, throughout the world. The essay on Poe has never been the subject of a separate publication. This edition reveals for the first time the sources of information used by Baudelaire. It shows that a considerable part of the study was translated literally from articles by John M. Daniel and John R. Thompson in the *Southern Literary Messenger* (1849-50). Previous editions vary widely in excellence because almost all suffered from the mistaken belief that Baudelaire was acquainted with the American edition of Poe's works when he wrote the 1852 essay and that it was largely based on Rufus Griswold's *Memoir* contained in that edition. This led to the commentary and notes that were unconsciously misleading and in many cases false. The introduction to this edition presents a complete and accurate account of the genesis of Baudelaire's essay, with supporting documents showing his indebtedness to American, French, and British sources. It enables the reader to distinguish clearly between what Baudelaire himself knew or thought about Poe and what he borrowed from other writers.

Critical Essays on Roland Barthes Diana Knight, 2000 The full range of literary traditions comes to life in the Twayne Critical Essays Series. Volume editors have carefully selected critical essays that represent the full spectrum of controversies, trends and methodologies relating to each author's work. Essays include writings from the author's native country and abroad, with interpretations from the time they were writing, through the present day. Each volume includes: -- An introduction providing the reader with a lucid overview of criticism from its beginnings -- illuminating controversies, evaluating approaches and sorting out the schools of thought -- The most influential reviews and the best reprinted scholarly essays -- A section devoted exclusively to reviews and reactions by the subject's contemporaries -- Original essays, new translations and revisions commissioned especially for the series -- Previously unpublished materials such as interviews, lost letters and manuscript fragments -- A bibliography of the subject's writings and interviews -- A name and subject index A leading French literary critic, Barthes's work in the recently created field of semiotics helped found the French new novel.

Heartsnatcher Boris Vian, 2003 Boris Vian's early death robbed French literature of a novelist who was coherent while still modern. *Heartsnatcher* is an esoteric, surrealistic comedy about guilt, set in a deceptively familiar, almost ordinary locale. *New Statesman*
