*The Mad Hatter* Mary Hammond, 2014-05-29 Mary Hammond examines the role of mercury in the life of Lewis Carroll, the author of *Alice's Adventures in Wonderland* and the creator of the Mad Hatter. Many of us are aware that the phrase mad hatter's disease is another name for mercury poisoning, and we have wondered whether the Mad Hatter suffered from mercury poisoning. The more important question, perhaps, is whether Lewis Carroll himself suffered from mercury poisoning. He was, without question, exposed to mercury in the course of his photography, and he very likely experienced further exposure due to the extraordinary prevalence of mercury in common usage during the span of his lifetime. If you read this book, you may come to believe, as Hammond does, that Lewis Carroll's Mad Hatter was based on a man he knew intimately well, himself, and that not only did Lewis Carroll suffer from mercury poisoning, but

it was very likely the cause of many of his disabilities and ailments. Join Mary Hammond on a trip down the rabbit hole for an interesting and thought provoking look at the life of one of our most beloved historical figures.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the

result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Dithers and Jitters (Classic Reprint) Cornelia Otis Skinner, 2017-11-24 Excerpt from Dithers and Jitters Stravinsky, Oscar Wilde, and Ty Cobb, not to mention Ibsen and Loie Fuller. What evenings! We sat about on bath mats (all of us except Yeats, who lay quietly on the stove) and discussed psychoanalysis, child labor, the Dreyfus case, and the race problem. It was very beautiful. Freud would remark, Mabel, you are extraordinary! The eternal hetaira. I can't help it. I was born that way. (aspasia Astarte Amnesia.)
