**Empire of Enchantment** John Zubrzycki,2018-10 India's association with magicians goes back thousands of years. Conjurors and illusionists dazzled the courts of Hindu maharajas and Mughal emperors. As British dominion spread over the subcontinent, such wonder-workers became synonymous with India. Western magicians appropriated Indian attire, tricks and stage names; switching their turbans for top hats, Indian jugglers fought back and earned their grudging respect. This book tells the extraordinary story of how Indian magic descended from the realm of the gods to become part of daily ritual and popular entertainment across the globe. Recounting tales of levitating Brahmins, resurrections, prophesying monkeys and the most famous trick never performed, Empire of Enchantment vividly charts Indian magic's epic journey from street to the stage. This heavily illustrated book tells the extraordinary, untold story of how Indian magic descended from the realm of the gods to become part of daily ritual and popular entertainment across the globe. Drawing on ancient religious texts, early travelers' accounts, colonial records, modern visual sources, and magicians' own testimony, Empire of Enchantment is a vibrant narrative of India's magical traditions, from Vedic times to the present day.

Magicians of the Gods Graham Hancock,2015-09-10 Graham Hancock's multi-million bestseller Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with a book filled with completely new, scientific and archaeological evidence, which has only recently come to light... The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt,warns that the 'Great Return' will occur in our time...

**Journey Among Brave Men** Dana Adams Schmidt,2018-10-16 A gripping account of an award-winning journalist’s journey into the heart of rebel territory during the First Iraqi-Kurdish War. On July 4, 1962, New York Times foreign correspondent Dana Adams Schmidt left his post in Beirut to be voluntarily smuggled into Iraqi Kurdistan. It was the beginning of a nearly two-month journey that would climax in a days-long visit with the leader of the Kurdish rebellion, the most loved and feared man in Kurdistan, Mullah Mustafa Barzani. Accompanied by armed Kurdish guides and a 72-year-old Turkish interpreter, the six-feet-three-inch,

seersucker-suit-clad Schmidt traveled, often at night, a secret route by foot, mule, horse and, on two occasions, jeep into the high Kurdish mountains to report on “the fightingest people in the Middle East” as no foreign journalist had done before. The physical dangers were acute—his group was strafed more than once by the Iraqi air force. Along the way, Schmidt learned about the history and culture of the Kurds, whose cause Barzani hoped Schmidt could convey to the world. Originally published in 1964 and now back in print with a new foreword by historian Charles Glass, *Journey Among Brave Men* is an enduring testament to the power of audacious journalism and to the strong will of the Kurds, an embattled people who remain in search of an independent state today. “One can only marvel at the author’s indefatigable industry and power of enthusiasm, which makes him one of the most reliable of all daily paper reporters . . . An excellent, fair and patently honest piece of work.”—The New York Times
