**War and Social Theory** N. Curtis,2005-11-10 The persistence of war as a feature of modern life is examined through issues of identity and difference, that is, the construction of 'self' and 'other' as individual or community. Key texts relating specifically to identity and war are addressed, including those by Nietzsche, Heidegger, Marcuse, Freud, Lacan, Honneth, Bataille, Simmel, Elshtain, Ruddick, Schmitt, Delanda, Hardt and Negri, Baudrillard, Virilio, Beck and Joas. Its theoretical approach sets this study apart from the traditional political science and IR approaches to the subject and makes a significant contribution within this area of social theory, cultural studies and communication studies.

Postphenomenology Don Ihde,1995-06-21 Postphenomenology is a fascinating investigation of the relationships between global culture and technology. The impressive range of subjects to which Don Ihde applies his skill as a phenomenologist is unified by what he describes as a concern which arises with respect to one of the now major trends of Euro-American philosophy--its textism. He adds, I show my worries to be less about the loss of subjects or authors, than I do about [there] not being bodies or perceivers.

*Bad Man* Dathan Auerbach,2019-08-27 From Dathan Auerbach, the author of the horror sensation *Penpal*, a hauntingly dark novel about a young boy who goes missing, and the brother who won't stop looking for him. Eric disappeared when he was three years old. Ben looked away for only a second at the grocery store, but that was all it took. His brother was gone. Vanished into the sticky air of the Florida Panhandle. Five years later, Ben is still looking for his brother. Still searching, while his stepmother sits and waits and whispers for Eric, refusing to leave the house that Ben's father can no longer afford. Now twenty and desperate for work, Ben takes a job on the night stock crew at the only place that will have him: the store that blinked Eric out of existence. Ben can feel there's something wrong there. With the people. With his boss. With the graffitied baler that shudders and groans and beckons. But he's in the right place. He knows the store has much to show him, so he keeps searching. Except Ben misses the most important thing of all. That he should have stopped looking.

Fiske WordPower Edward Fiske,Jane Mallison,Margery Mandell,2018-07-03 The Exclusive Method You Can Use to Learn—Not Just Memorize—Essential Words A powerful vocabulary expands your world of opportunity. Building your word power will help you write more effectively, communicate clearly, score higher on standardized tests like the SAT, ACT, or GRE, and be more confident and persuasive in everything you do. Using the exclusive Fiske method, you will not just memorize words, but truly learn their meanings and how to use them correctly. This knowledge will stay with you longer and be easier to recall—and it doesn't take any longer than less-effective memorization. How does it work? This book uses a simple three-part system: 1. Patterns: Words aren't arranged randomly or alphabetically, but in similar groups based on meaning and origin that make words easier to remember over time. 2. Deeper Meanings, More Examples: Full explanations—not just brief definitions—of what the words mean, plus multiple examples of the words in sentences. 3. Quick Activities: Frequent short quizzes help you test how much you've learned, while helping your brain internalize their meanings.

The Routledge Dictionary of Modern American Slang and Unconventional English Tom Dalzell,2018-05-11 The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that authenticate the words as well as offer examples of usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups. Etymology, cultural context, country of origin and the date the word was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial

sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, *The Routledge Dictionary of Modern American Slang and Unconventional English* is an indispensable resource for language researchers, lexicographers and translators.

**The Psychotronic Video Guide To Film** Michael Weldon, 1996 The bible of B-movies is back--and better than ever! From *Abby Cadabby* to *Zontar*, this book covers more than 9,000 amazing movies--from the turn of the century right up to today's Golden Age of Video--all described with Michael Weldon's dry wit. More than 450 rare and wonderful illustrations round out this treasure trove of cinematic lore--an essential reference for every bad film fan.

**The Picture of Abjection** Tina Chanter, 2008 In *The Picture of Abjection*, Tina Chanter addresses a fundamental problem in film theory by negotiating a middle path between gaze theory approaches to film and spectator studies or cultural theory approaches that emphasize the position of the viewer. Chanter argues that abjection is the unthought ground of fetishistic theories. By mobilizing a theory of abjection, the book shows how the appeal to phallic, fetishistic theories continues to deify the hegemonic categories of race, class, sexuality, and gender, as if they stood as self-evident. -- Publisher.

**Twelve Years a Slave** Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Sleazoid Express** Bill Landis, Michelle Clifford, 2002-12-03 'Sleazoid Express' reproduces the experience of watching a movie in the grindhouse setting. Each chapter focuses on a unique exploitation genre (blood horror, celebrity crime, etc.) and paints a close, intimate portrait of its directors, stars and showcases.

**Madness and Cinema** Patrick Fuery, 2017-03-14 *Madness and Cinema* offers a radical approach to the issue of what happens when we watch films. By exploring cinema's relationship to meaning and proposing new ways to read cinema through psychoanalysis, this book develops the idea that the spectator engages in what has previously been described as an act of madness. By considering some of the key concepts from Freud and Lacan, as well as ideas from Derrida and Foucault, we are shown the common features that cinema and madness share. The film spectator is shown as the psychotic, neurotic and hysteric, as the book

examines the ways in which the foundations of culture and meaning are challenged when we become the spectator of a film.

**Bipolar Disorders** A. Marneros, Jules Angst, 2007-05-08 List of contributors. Preface. Bipolar disorders: roots and evolution; A. Marneros, J. Angst. **Anatomy of a Song** Marc Myers, 2016-11-01 “A winning look at the stories behind 45 pop, punk, folk, soul and country classics” in the words of Mick Jagger, Stevie Wonder, Cyndi Lauper and more (The Washington Post). Every great song has a fascinating backstory. And here, writer and music historian Marc Myers brings to life five decades of music through oral histories of forty-five era-defining hits woven from interviews with the artists who created them, including such legendary tunes as the Isley Brothers’ Shout, Led Zeppelin’s Whole Lotta Love, Janis Joplin’s Mercedes Benz, and R.E.M.’s Losing My Religion. After receiving his discharge from the army in 1968, John Fogerty did a handstand—and reworked Beethoven’s Fifth Symphony to come up with Proud Mary. Joni Mitchell remembers living in a cave on Crete with the mean old daddy who inspired her 1971 hit Carey. Elvis Costello talks about writing (The Angels Wanna Wear My) Red Shoes in ten minutes on the train to Liverpool. And Mick Jagger, Jimmy Page, Rod Stewart, the Clash, Jimmy Cliff, Roger Waters, Stevie Wonder, Keith Richards, Cyndi Lauper, and many other leading artists reveal the emotions, inspirations, and techniques behind their influential works. *Anatomy of a Song* is a love letter to the songs that have defined generations of listeners and “a rich history of both the music industry and the baby boomer era” (Los Angeles Times Book Review).

**Why Jazz Happened** Marc Myers, 2019-02-26 *Why Jazz Happened* is the first comprehensive social history of jazz. It provides an intimate and compelling look at the many forces that shaped this most American of art forms and the many influences that gave rise to jazz’s post-war styles. Rich with the voices of musicians, producers, promoters, and others on the scene during the decades following World War II, this book views jazz’s evolution through the prism of technological advances, social transformations, changes in the law, economic trends, and much more. In an absorbing narrative enlivened by the commentary of key personalities, Marc Myers describes the myriad of events and trends that affected the music’s evolution, among them, the American Federation of Musicians strike in the early 1940s, changes in radio and concert-promotion, the introduction of the long-playing record, the suburbanization of Los Angeles, the Civil Rights movement, the British invasion and the rise of electronic instruments. This groundbreaking book deepens our appreciation of this music by identifying many of the developments outside of jazz itself that contributed most to its texture, complexity, and growth.

**There Are Trans People Here** H. Melt, 2021-11-16 There are trans people here in the past, the present, and the future. H. Melt’s writing centers the deep care, love, and joy within trans communities. This poetry collection describes moments of resistance in queer and trans history as catalysts for movements today. It honors trans ancestors and contemporary activists, artists, and writers fighting for trans liberation. *There Are Trans People Here* is a testament to the healing power of community and the beauty of trans people, history, and culture.

**Rock Concert** Marc Myers, 2021-11-09 A “fascinating, intimate” oral history of the golden age of the rock concert based on nearly 100 interviews with musicians, fans, and others (Publishers Weekly). Decades

after the rise of rock music in the 1950s, the rock concert retains its power as a unifying experience—and as a multi-billion-dollar industry. In *Rock Concert*, acclaimed music writer Marc Myers delves into the history of this cultural phenomenon, weaving together ground-breaking accounts from the people who were there. Myers combines the tales of icons like Joan Baez, Ian Anderson, Alice Cooper, Steve Miller, Roger Waters, and Angus Young with the disc jockeys, audio engineers, and music journalists, and promoters who organized it all, like Michael Lang, co-founder of Woodstock, to create a rounded and vivid account of live rock's stratospheric rise. *Rock Concert* offers a backstage view of rock 'n' roll as it evolved through live performance—from the rise of R&B in the 1950s, to the hippie gatherings of the '60s, and the growing arena tours of the '70s and '80s. Elvis Presley's gyrating hips, the "British Invasion" of the Beatles, the Grateful Dead's free flowing jams, and Pink Floyd's *The Wall* are just a few of the defining musical acts that drive this rich narrative.

**Gumbo ya-ya** Lyle Saxon, 1969

**Diagnosing Jefferson** Norm Ledgin, 2000 Examines the apparent inconsistencies in the character and behavior of founding father Thomas Jefferson, and relates those traits to the neurological disorder Asperger's Syndrome, or high-functioning autism.

*The Language of Mental Illness* Hazel Price, 2022-05-26 Mental health is a matter of vital importance in today's society, with the news media reporting on the topic on an almost daily basis. Despite this, the language associated with mental health has to date been relatively under-explored. Using methods from corpus linguistics and critical discourse analysis, this pioneering book is the first large-scale linguistic investigation of UK news reports on mental illness. Based on a purpose-built corpus of 45 million words of UK press reports on mental illness, it offers a range of analyses exploring language development across time, in addition to focusing on the differences between press representations of specific mental illnesses. The book provides linguistic insights into public perceptions of mental illness, as well as stigma creation and perpetuation in the media. It also includes original and significant methodological innovations, making it a vital resource for researchers for in corpus linguistics, health communication, and the health humanities.

*Italian Gothic Horror Films, 1980-1989* Roberto Curti, 2019-02-15 The Italian Gothic horror genre underwent many changes in the 1980s, with masters such as Mario Bava and Riccardo Freda dying or retiring and young filmmakers such as Lamberto Bava (*Macabro*, *Demons*) and Michele Soavi (*The Church*) surfacing. Horror films proved commercially successful in the first half of the decade thanks to Dario Argento (both as director and producer) and Lucio Fulci, but the rise of made-for-TV products has resulted in the gradual disappearance of genre products from the big screen. This book examines all the Italian Gothic films of the 1980s. It includes previously unpublished trivia and production data taken from official archive papers, original scripts and interviews with filmmakers, actors and scriptwriters. The entries include a complete cast and crew list, plot summary, production history and analysis. Two appendices list direct-to-video releases and made-for-TV films.

**Now Playing Podcast** Arnaldo Carvalho, Marjorie Carvalho, Stuart Atkinson, Jakob Conkling, 2017-11 Reviews of 125 films that were underloved, underappreciated, or underseen. Three reviews per movie included, from the hosts of Now Playing Podcast.
