Average Is Over Tyler Cowen,2013-09-12 Renowned economist and author of Big Business Tyler Cowen brings a groundbreaking analysis of capitalism, the job market, and the growing gap between the one percent and minimum wage workers in this follow-up to the New York Times bestseller The Great Stagnation. The United States continues to mint more millionaires and billionaires than any country ever. Yet, since the great recession, three quarters of the jobs created here pay only marginally more than minimum wage. Why is there growth only at the top and the bottom? Economist and bestselling author Tyler Cowen explains that high earners are taking ever more advantage of machine intelligence and achieving ever-better results. Meanwhile, nearly every business sector relies less and less on manual labor, and that means a steady, secure life somewhere in the middle—average—is over. In Average is Over, Cowen lays out how the new economy works and identifies what workers and entrepreneurs young and old must do to thrive in this radically new economic landscape.

Most Likely To Die Beverly Barton,Wendy Corsi Staub,Lisa Jackson,2007-02-01 Three New York Times bestselling authors join forces to create a thrilling novel of love, revenge, and the deadly secrets shared between women. It's been twenty years since the night Jake Marcott was brutally murdered at St. Elizabeth High School in Portland, Oregon. It's a night that shattered the lives of Lindsay Farrell, Kirsten Daniels, and Rachel Alsace. Each of them loved Jake in their own way, and none of them will ever forget that night—a killer will make sure of it. As the twenty-year reunion approaches, all sorts of preparations are being made—including a few surprises. And for some alumni, very special invitations have been sent: their smiling senior pictures slashed by an angry red line . . .

Every Time a Bell Rings Barbara Ankrum,2019-11-18 Once upon a time, he was everything to her, except for one thing: her future Christmas sparkles from every bough and window at the cozy Four Winds Ski Resort, where single mother Eden Kendall and her eight-year-old son are spending the holiday. A surprise marriage proposal from her boss's son wasn't on her Christmas list, but it's the perfect excuse to get away and weigh her options. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the resort that he helped to build by organizing a holiday concert, he decides it's about time that

Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of Christmas. Can a not-so-perfect angel help this unlikely pair get a second chance at happily ever after?

Woman Without a Past Phyllis A. Whitney, 2017-08-29 From an Edgar and Agatha Award winner: A mystery writer must solve the puzzle of her past when she meets the South Carolina family she never knew existed. Popular mystery novelist Molly Hunt knows all about the twists and turns of fiction, but real life has thrown her for a loop. Raised by adoptive parents on Long Island, Molly has just made a stunning discovery: She's the daughter of South Carolina blue bloods and was kidnapped as an infant from their ancestral home in Charleston. Now, she's heading south to solve the puzzle of her beginnings—totally unprepared for where it will end. At Mountfort Hall, her birth family's imposing plantation, Molly comes face to face with her past: her neglected twin sister; her reclusive and mentally imbalanced mother; a calculating cousin, now the Mountfort patriarch who has no tolerance for this lovely new intruder; and a resident psychic who sees into a deadly world all her own. It's only when Molly discovers a letter from her late father that she comes to realize how much danger she's in—and what it'll take to escape the shadows of Mountfort Hall alive. “In one of her smoothest suspense novels . . . Whitney combines a dynamic, likable heroine with eccentric characters, romantic entanglements, family ghosts and a charming setting” (Publishers Weekly). It's everything readers expect from the “Queen of American gothics” (The New York Times). This ebook features an illustrated biography of Phyllis A. Whitney including rare images from the author's estate.

Blue Sky God Don MacGregor, 2012-07-27 Blue Sky God interprets some new scientific theories with blue sky thinking to bring radical insights into God, Jesus and humanity, drawing also on some deep wells from the past in the writings of the early Christians. In an accessible style, it looks at science research and theories in areas such as quantum physics and consciousness, epigenetics, morphic resonance and the zero point field. From there, seeing God as the compassionate consciousness at the ground of being, it draws together strands to do with unitive consciousness and the Wisdom way of the heart. Throughout, it seeks to encourage an evolution in understanding of the Christian message by reinterpreting much of the theological language and meaning that has become 'orthodoxy' in the West. In doing so, it challenges many of the standard assumptions of Western Christianity. It outlines a spiritual path that includes elements from all of the world's great religions, is not exclusive, and yet has a place of centrality for Jesus the Christ as a Wisdom teacher of the path of transformative love. ,

Alpha Boss Zoe Ray, 2019-05-28 Samantha Davis was only looking for a job, but she ended up finding much more. The moment she stepped into the lobby at ASC she knew she belonged there, and the moment Preston Jacobs stepped into her life she knew she'd never be the same. His massive frame towers over her. His presence is intimidating, and he is the sexiest man she's ever seen. He exudes power, and Samantha can't explain the raw animalistic attraction she feels. Sam is determined to push thoughts of the boss out of her mind, but the connection is too powerful. Preston Jacobs is a hard-headed wolf shifter, and as CEO of ASC and leader of his pack, he hasn't had time to worry about people's feelings. Everything changed when he met Samantha. He knew she was his mate the moment he laid eyes on her in the elevator of his building. His thoughts become consumed with taking his mate and marking her, and he's going to pull out all the stops to make her trust him and show her that she is his forever. When members of the pack become rebellious and trouble arises Preston must face a new challenge. Can he convince Samantha to accept her fate as his mate and help him lead the pack? Or will uncertain danger cause her to run away with her tail tucked between her legs?
