Vincent Darre , 2022-03-08 From Vincent Darré, a French dandy and eccentric decorator, this volume offers a

fanciful look into his unique universe of artful interiors. Known for his dynamic personality and extravagant style, Vincent Darré--the enfant terrible of Paris's design world--presents a debut monograph brimming with his hallmark flamboyant whimsy, unrivaled imagination, and Gallic flair. As a fixture of the city's nightlife scene and member of its exclusive artistic circles, Darré is arguably one of its most creative residents (prior to launching his decorating career, he held posts at top fashion houses)--which comes through in his instantly recognizable interiors: think Surrealist furniture, dizzying patterns, and spirited color combinations. Boasting over 200 vibrantly colored photographs, this exquisite tome takes readers on a journey into Darré's world of conversation-starting spaces. From his signature furnishings, such as the Grenouille nightstand, and maximalist use of prints (cue the Little Prince Bedroom), to his expert use of vivid hues, he offers an intimate glimpse into the singular, utterly enthralling universe of one of the design world's most eccentric, quirky, and celebrated members.

*Warlocks and Warpdrive* Kurt Lancaster,1999-01-01 This book offers ten chapters examining contemporary fantasy entertainment forms that use virtual environments to amuse the participant. Called virtual fantasies by the author (as opposed to virtual realities), these entertainment forms are categorized into three main groupings. All include performance and imaginary environments as essential elements--participants are often simultaneously performers and audience. Many involve computer technology such as multimedia, digitized video, and online chatting. Part I covers imaginative fantasy entertainments, where the participants are required to use their imaginations to see the virtual environment. These include paper and pencil role-playing games (Dungeons and Dragons), live-action roleplaying games (International Fantasy Gaming Society rules), and collectible card games (Magic: The Gathering). Part II covers physical fantasy entertainments, where the participants need little imagination to see the virtual environment. These include computer games (Star Trek: Klingon), theme park rides (Disneyland's Star Tours), and immersive museums (National Museum of the American Indian). Part III covers social fantasy entertainments, where participants have built communities based upon the virtual environment (Star Trek fandom, Star Wars influencing Ronald Reagan's Pax Americana).
