Darkminds Macropolis Chris Sarracini, Jo Chen, 2003-03 Here's your second chance to catch the mini-series critics and fans throughout the industry are talking about...Darkminds: Macropolis! A sadistic serial killer is on the loose and it's up to Agents Nagawa and Nakiko to find him before he kills again. But this killer is as twisted as they come. Before every murder he announces exactly where and when the murder will take place. The question is, can they get there on time! The result is a series of cat and mouse chases unlike any you've ever seen! If you love murder/mysteries, sci-fi and action, then you'll love Darkminds: Macropolis. With stunning art from Jo Chen and suspense-filled writing from Chris (Transformers) Sarracini, this is a series you can't miss! This TPB collects ISSUES 1-4 of the current 8-issue mini-series. A perfect starting point for anyone looking to jump onboard this fantastic series! Detectives Nagawa and Nakiko have seen it all, solving some of the most difficult and horrific cases the city of Macropolis has ever seen. A serial killer would be crazy to tempt fate in their town. Too bad serial killers are crazy. Darkminds: Macropolis delivers us to a manga-inspired techno-noir future where crime has advanced right alongside technology. Our stalwart detectives will

face a challenge like they've never encountered before - a murderer who wants to play with them. But what kind of person has the guts to challenge the best, and how far will he go to prove a point? Written by Chris Sarracini (Transformers G1, Fate of the Blade) and featuring beautifully rendered art by Jo Chen & Christina Chen, Darkminds: Macropolis contains issues #1-4 of the thrilling series. Also covers, and interviews with the creative team.

Amazing Spider-Man by David Michelinie & Todd McFarlane
,2011-08-24 In 1962, in the pages of a comic book slated for
cancellation, Stan Lee and Steve Ditko gave birth to one of the
most enduring icons in American popular culture: the Amazing
Spider-Man! Turning the concept of a super hero on its head, they
imbued the young, guilt-ridden Peter Parker with the fantastic
powers of an arachnid and the fantastic pressures of an everyday
teenager. The combination was pure magic. Now, you can leap
into Spider-Man's web-slinging world from the very beginning,
including the tragic origin that started it all; the first appearances of
the Daily Bugle and J. Jonah Jameson; and the debut of classic
villains including the Green Goblin, Dr. Octopus, the Sandman, the
Vulture and Electro!--

Fun Home Alison Bechdel, 2007 A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists, a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's *Persepolis*, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned funeral home, as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive.

Development and Reasoning Pierre Barrouillet, Henry

Markovits, 2019-05-07 The study of deductive reasoning is one of the key areas in cognitive psychology. Much of the initial impetus for studies in this field came from a developmental perspective, in particular as a consequence of Piaget's theory of formal operations. Subsequent research that examined some of the predictions of this theory has led to what appear to be quite contradictory conclusions. On the one hand, reasoning is held to be a very precociously acquired, if not innate, competence, such that very young children can reason 'logically'. On the other hand, reasoning in adults has been found to be so convincingly 'illogical' that the very notion of logical competence, even in educated adults has been put into question. Clearly, these two conclusions cannot both be true, and their continuing existence reflects the increasing fragmentation of studies of children and of adults. In this context,

developmental studies appear to be critical to an integrative approach to reasoning that considers both children and adults within a single theoretical and empirical perspective. This issue presents some of the more important developmental perspectives on the development of reasoning.

Burnished Rows of Steel Jeremy Davies, 2016-01-05 Most who read the Declaration of Independence find three foundational liberties promised to our citizens: life, liberty, and the pursuit of happiness. An increasing number of citizens seem to be discovering the fourth: the right to alter or abolish a form of government that leads invariably to tyranny. Since leaving the military and his security contracting work behind, Dave has been preparing himself for the time when exercising the right to alter or abolish may become necessary. When he is approached on behalf of some powerful men who are prepared to risk their fortune to strike a blow against the political tyranny embodied by the president, Dave is prepared to accept the role of assassin. As he prepares to accept the mission of a lifetime, an alternate narrative begins to unfold. He struggles to discover whether the hit will be on behalf of a besieged gun maker or whether it has been orchestrated by members of the president's own party, who feel

that his death would rescue the chances of their party heading into an election. As the motive becomes clear, so does Dave's course of action. He is caught in a race against time to thwart their plans, not for the leader of a country but for the life of a friend.

Empty Mansions Bill Dedman, Paul Clark Newell, Jr., 2014-04-22 #1 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Janet Maslin, The New York Times • St. Louis Post-Dispatch When Pulitzer Prize-winning journalist Bill Dedman noticed in 2009 a grand home for sale, unoccupied for nearly sixty years, he stumbled through a surprising portal into American history. *Empty Mansions* is a rich mystery of wealth and loss, connecting the Gilded Age opulence of the nineteenth century with a twenty-first-century battle over a \$300 million inheritance. At its heart is a reclusive heiress named Huguette Clark, a woman so secretive that, at the time of her death at age 104, no new photograph of her had been seen in decades. Though she owned palatial homes in California, New York, and Connecticut, why had she lived for twenty years in a simple hospital room, despite being in excellent health? Why were her valuables being sold off? Was she in control of her fortune, or controlled by those managing her money? Dedman has

collaborated with Huguette Clark's cousin, Paul Clark Newell, Jr., one of the few relatives to have frequent conversations with her. Dedman and Newell tell a fairy tale in reverse: the bright, talented daughter, born into a family of extreme wealth and privilege, who secrets herself away from the outside world. Huguette was the daughter of self-made copper industrialist W. A. Clark, nearly as rich as Rockefeller in his day, a controversial senator, railroad builder, and founder of Las Vegas. She grew up in the largest house in New York City, a remarkable dwelling with 121 rooms for a family of four. She owned paintings by Degas and Renoir, a world-renowned Stradivarius violin, a vast collection of antique dolls. But wanting more than treasures, she devoted her wealth to buying gifts for friends and strangers alike, to quietly pursuing her own work as an artist, and to guarding the privacy she valued above all else. The Clark family story spans nearly all of American history in three generations, from a log cabin in Pennsylvania to mining camps in the Montana gold rush, from backdoor politics in Washington to a distress call from an elegant Fifth Avenue apartment. The same Huguette who was touched by the terror attacks of 9/11 held a ticket nine decades earlier for a first-class stateroom on the second voyage of the Titanic. Empty Mansions

reveals a complex portrait of the mysterious Huguette and her intimate circle. We meet her extravagant father, her publicity-shy mother, her star-crossed sister, her French boyfriend, her nurse who received more than \$30 million in gifts, and the relatives fighting to inherit Huguette's copper fortune. Richly illustrated with more than seventy photographs, *Empty Mansions* is an enthralling story of an eccentric of the highest order, a last jewel of the Gilded Age who lived life on her own terms.

Chicka Chicka Boom Boom Bill Martin, John Archambault, Ray Charles, 2006-10-24 A told B, and B told C, I'll meet you at the top of the coconut tree Countless children -- and their parents -- can joyfully recite the familiar words of this beloved alphabet chant. The perfect pairing of Bill Martin Jr and John Archambault's lively rhymes, and Caldecott Honor artist Lois Ehlert's bright, bold, cheerful pictures made *Chicka Chicka Boom Boom* an instant hit and a perennial favorite. This full-sized, quality paperback edition will bring even more fans to this endearing, enduring classic. Chicka chicka boom boom will there be enough room? There will always be room for *Chicka Chicka boom Boom* on every child's bookshelf!

A Darker Shade of Magic V. E. Schwab, 2015-02-24 A Darker

Shade of Magic, from #1 New York Times bestselling author V.E. Schwab Kell is one of the last Antari—magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. Kell was raised in Arnes—Red London—and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons, the one without any magic left to see. Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous consequences, which Kell is now seeing firsthand. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. She first robs him, then saves him from a deadly enemy, and finally forces Kell to spirit her to another world for a proper adventure. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first need to stay alive. A Darker Shade of Magic has all the hallmarks of a classic work of fantasy. Schwab has given us a gem of a tale...This is a book to treasure.—Deborah Harkness, New York Times bestselling author of the All Souls trilogy Shades of Magic series 1. A Darker Shade of Magic 2.
